Business enterprise means any organization, association, branch, or venture that exists for profit-making purposes or to otherwise secure economic advantage, and ownership of any real estate that is not held for personal use.

Country of residence for individuals who do not reside in their country of citizenship is determined using the following guidelines:

- (1) Individuals who reside, or expect to reside, outside their country of citizenship for less than one year are considered to be residents of their country of citizenship.
- (2) Individuals who reside, or expect to reside, outside their country of citizenship for one year or more are considered to be residents of the country in which they are residing, except as provided in (3) below.
- (3) If an owner or employee of a business enterprise resides outside the country of location of the enterprise for one year or more for the purpose of furthering the business of the enterprise, and the country of the business enterprise is the country of citizenship of the owner or employee, then the owner or employee is considered a resident of the country of citizenship provided he or she intends to return within a reasonable period of time.
- (4) Individuals and members of their immediate families who reside outside their country of citizenship as a result of employment by the government of that country – diplomats, consular officials, members of the armed forces, etc. – are considered to be residents of their country of citizenship.

Direct investment means the ownership or control, directly or indirectly, by one entity of 10 percent or more of the voting interest in a business enterprise.
