U.S. Economy

U.S. Economy at a Glance rounds up our most-watched stats.

Get a quick update on gross domestic product, personal income, industry growth, the trade balance and more.

bea.gov/newsreleases/glance.htm

State and Local Economies

BEARFacts is BEA's regional fact-finding tool.

See an economic report for each state, including GDP, personal income and top industries. Or get personal income stats for a metropolitan area or county.

bea.gov/regional/bearfacts

Industries New

Industry Facts gives instant overviews of industries.

Choose a sector such as real estate, mining or retail trade to see its output, contribution to GDP, intermediate inputs and more.
