**Items:**
- Q1: First quarter
- Q2: Second quarter
- Q3: Third quarter
- Q4: Fourth quarter

**Notes:**
- 2. The Paycheck Protection Program, initially established by the CARES Act, provides forgivable loans to help small businesses and nonprofit institutions make payroll and other expenses. It also provides funding to reimburse private lending institutions for the costs of administrating these loans. For more information, see how the Paycheck Protection Program affects personal income.
- 3. The Social Security Administration and the Internal Revenue Service are responsible for calculating, issuing, and processing the payments. For more information, see the Social Security Act.
- 4. The Department of Health and Human Services distributes money from the Provider Relief Fund to hospitals and health care providers on the front lines of the coronavirus response. This funding supports health care-related expenses or lost revenue attributable to COVID-19 and ensures uninsured Americans can get treatment for COVID-19. In the NIPAs, funds provided to nonprofit hospitals are recorded as capital consumption adjustment.
- 5. The Federal Emergency Management Agency (FEMA) was authorized to make payments from the Disaster Relief Fund to supplement wages lost as a result of the COVID-19 pandemic. For more information, see FEMA Pandemic Unemployment Compensation.
- 6. The Coronavirus Food Assistance Program, initially established by the CARES Act, provides direct support to farmers and ranchers where prices and market supply chains have been impacted by the COVID-19 pandemic.
- 7. The Paycheck Protection Program, initially established by the CARES Act, provides forgivable loans to help small businesses and nonprofit institutions make payroll and other expenses. It also provides funding to reimburse private lending institutions for the costs of administrating these loans. For more information, see How does the Paycheck Protection Program impact the national income and product accounts?
