Paycheck Protection Program loans to NPISH 2

How will the expansion of unemployment benefits in response to the COVID-19 pandemic be recorded in the NIPAs?

Paycheck Protection Program loans to businesses 2

Economic impact payments 6

The Paycheck Protection Program, initially established by the CARES Act, provides forgivable loans to help small businesses and nonprofit institutions make payroll and other expenses. It also provides funding to reimburse private lending institutions for the costs of administering these loans. For more information, see https://www.sba.govunding.

The Paycheck Protection Program, initially established by the CARES Act, provides direct support to farmers and ranchers where prices and market supply chains have been impacted by the COVID-19 pandemic.

NPISH - Nonprofit institutions serving households

CCAdj - Capital consumption adjustment

1. The Coronavirus Food Assistance Program, initially established by the CARES Act, provides direct support to farmers and ranchers where prices and market supply chains have been impacted by the COVID-19 pandemic.

2. The Paycheck Protection Program, initially established by the CARES Act, provides forgivable loans to help small businesses and nonprofit institutions make payroll and other expenses. It also provides funding to reimburse private lending institutions for the costs of administering these loans. For more information, see https://www.sba.govunding.

3. A two percent reduction in reimbursements paid to Medicare service providers that went into effect in 2013 was initially suspended by the CARES Act. The resulting increased reimbursement rates went into effect beginning on May 1, 2020.

4. Unemployment insurance benefits were expanded through several programs that were initially established through the CARES Act. For more information, see https://www.dol.gov.

5. The Department of Health and Human Services distributes money from the Provider Relief Fund to hospitals and health care systems to help them cover the increased costs of COVID-19 care. This funding supports health care-related expenses or lost revenue attributable to COVID-19 and ensures uninsured Americans can get more affordable health care.

6. Economic impact payments, initially established by the CARES Act, provide direct payments to individuals. For more information, see https://www.irs.gov/individuals/coronavirus-stimulus.

7. The Coronavirus Aid, Relief, and Economic Security (CARES) Act, signed into law on March 27, 2020, provides direct financial assistance to individuals and households, small businesses, hospitals, and state and local governments impacted by the COVID-19 pandemic. The CARES Act will provide economic relief to individuals who have lost their jobs because of the COVID-19 pandemic and will provide financial assistance to small businesses and hospitals.

8. The Department of Health and Human Services distributes money from the Provider Relief Fund to hospitals and health care providers on the front lines of the coronavirus response. This funding supports health care-related expenses or lost revenue attributable to COVID-19 and ensures uninsured Americans can get more affordable health care.

9. Interest payments due on certain categories of federally held student loans were initially suspended by the CARES Act. For more information, see https://www.studentaid.gov/sa.

10. The Coronavirus Aid, Relief, and Economic Security (CARES) Act, signed into law on March 27, 2020, provides direct financial assistance to individuals and households, small businesses, hospitals, and state and local governments impacted by the COVID-19 pandemic. The CARES Act will provide economic relief to individuals who have lost their jobs because of the COVID-19 pandemic and will provide financial assistance to small businesses and hospitals.

11. The Coronavirus Aid, Relief, and Economic Security (CARES) Act, signed into law on March 27, 2020, provides direct financial assistance to individuals and households, small businesses, hospitals, and state and local governments impacted by the COVID-19 pandemic. The CARES Act will provide economic relief to individuals who have lost their jobs because of the COVID-19 pandemic and will provide financial assistance to small businesses and hospitals.

12. The Paycheck Protection Program, initially established by the CARES Act, provides direct support to farmers and ranchers where prices and market supply chains have been impacted by the COVID-19 pandemic. For more information, see https://www.fsa.usda.gov/coronavirus.

13. The Paycheck Protection Program, initially established by the CARES Act, provides direct support to farmers and ranchers where prices and market supply chains have been impacted by the COVID-19 pandemic. For more information, see https://www.fsa.usda.gov/coronavirus.
