Identification of U.S. Reporter - Continued

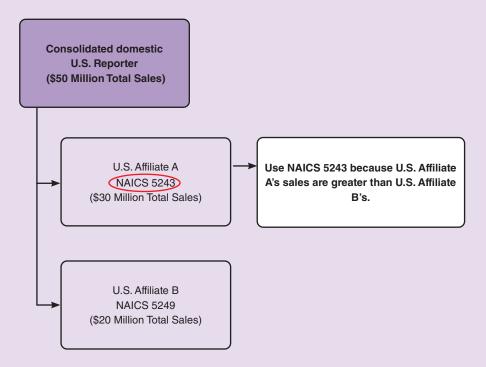

Using the summary of NAICS classifications on the next page, as well as the example below, enter the 4-digit code that best describes the <u>primary</u> sales activity of the consolidated domestic U.S. Reporter. After entering your response, continue to page 5.

Consolidated domestic U.S. Reporter means the fully consolidated domestic U.S. enterprise consisting of (i) the U.S. corporation whose voting securities are not owned more than 50 percent by another U.S. corporation, and, proceeding down each ownership chain from that U.S. corporation, (ii) any U.S. corporation whose voting securities are more than 50 percent owned by the U.S. corporation above it. The fully consolidated domestic U.S. enterprise excludes foreign branches and other foreign affiliates.

EXAMPLE FOR DETERMINING PRIMARY SALES ACTIVITY (NAICS CODE)

Report the NAICS code that best describes the primary sales activity of the consolidated domestic U.S. Reporter. For example, if 60 percent of the consolidated domestic U.S. Reporter's sales are generated by Affiliate A, an insurance carrier, except direct life insurance carriers (NAICS 5243), and 40 percent of the consolidated domestic U.S. Reporter's sales are generated by Affiliate B, a direct insurance carrier (NAICS 5249), then you should report your NAICS as 5243.

Understanding Reporting Relationships (For use on **Schedules A** and **B**)

Transactions accrued during the reporting period should be reported by the country of the foreign transactor, and by the foreign transactor's relationship to the **U.S. Reporter**. The relationship between the **U.S. Reporter** and the foreign transactor falls into one of three categories:

Foreign Affiliates – A foreign affiliate is defined as an entity domiciled in a foreign country that is owned at least 10 percent (based on voting interest), directly or indirectly, by the U.S. Reporter.

Foreign Parent Group – A Foreign Parent Group means all of the following:

- (i) the foreign parent, which is the first entity outside the United States in a foreign chain of ownership, that owns at least 10 percent (based on voting interest), directly or indirectly, of the consolidated domestic U.S. business enterprise.
- (ii) any foreign entity proceeding up the foreign parent's ownership chain, that owns more than 50 percent of the entity below it up to and including the entity that is not owned more than 50 percent by another foreign entity,
- (iii) any foreign entity, proceeding down the ownership chain(s) of each of these members, that is owned more than 50 percent by the entity above it.

Unaffiliated Foreign Persons – An unaffiliated foreign person is an entity domiciled abroad that is not owned, or is owned less than 10 percent, directly or indirectly, by the U.S. Reporter or the U.S. Reporter's foreign parent.

The diagram below illustrates each of these relationships with regards to the U.S. Reporter. Additional reporting instructions are provided prior to each Schedule on pages 9 and 13.

Reporting Instructions for Schedule A

IMPORTANT – Only report transactions accrued during the reporting period. ONLY report transactions between the U.S. Reporter's domestic operations and foreign persons. DO NOT report transactions between the U.S. Reporter's foreign affiliates and foreign persons, between the U.S. Reporter's domestic operations and other U.S. persons, or transactions between other U.S. persons and the U.S. Reporter's foreign affiliates.

How to Report:

1) Use the following Schedule A's on pages 10–12 to report your quarterly reinsurance transactions based on your relationship with the foreign person(s) (see page 8 for more information on reporting relationships):

Schedule	Schedule Relationship with the consolidated domestic U.S. Reporter	
A1	Foreign affiliates	10
A2	Foreign parent group	11
А3	Unaffiliated foreign persons	12

- 2) Enter the country(ies) of the transactor(s) in the first column of Schedule A.
- 3) Report the U.S. Reporter's quarterly reinsurance transactions with the foreign transactor in the appropriate column based on the transaction type:
 - Transaction code 1 Quarterly premiums earned on reinsurance assumed
 - Transaction code 2 Quarterly premiums incurred on reinsurance ceded
 - Transaction code 3 Quarterly losses incurred on reinsurance assumed
 - Transaction code 4 Quarterly losses recovered on reinsurance ceded

Example:

The U.S. Reporter had a total of \$3,525,000 in quarterly premiums incurred on reinsurance ceded from its foreign parent group in Germany.

Per the table above, premiums incurred on reinsurance ceded from the foreign parent group are reportable on Schedule A2, which is on page 10.

On Schedule A2, select "Germany" from the dropdown box in column 1. Enter "3525" under transaction code 2.

IMPORTANT – Report amounts in thousands of U.S. dollars (omitting 000). Round amounts less than \$500.00 to 0. Do not enter amounts in the shaded portions of each item.

Example

		Transactions with foreign parent group				
	BEA	Reinsuranc	e premiums	Reinsurance losses		
Country	USE ONLY	Transaction code 1 Quarterly premiums earned on reinsurance assumed	Transaction code 2 Quarterly premiums incurred on reinsurance ceded	Transaction code 3 Quarterly losses incurred on reinsurance assumed	Transaction code 4 Quarterly losses recovered on reinsurance ceded

1. Germany 001	1 2	3 000	⁴ 3525 ₀₀₀	5 000	000	

NOTE – Do not report reserve transfers or recaptures of reserves.

Quarterly premiums and losses should be calculated as follows:

For property and casualty insurance companies

Calculate transaction codes 1 and 2 as follows: Premiums written (transaction code 1) or ceded (transaction code 2) during the quarter, plus unearned premiums at the beginning of the quarter, minus unearned premiums at the end of the quarter. Report premiums net of cancellations. Report premiums gross of commissions and profit commissions paid to or received from foreign persons, including commissions initially paid to or received from a U.S. intermediary (agent or broker) of a foreign person.

Calculate transaction codes 3 and 4 as follows: Losses paid (transaction code 3) or recovered (transaction code 4) during the quarter, plus case reserves at the end of the quarter, plus losses incurred but not reported at the end of the quarter, minus case reserves at the beginning of the quarter, minus losses incurred but not reported at the beginning of the quarter. Losses paid or recovered should not include loss adjustment expenses (reportable on **Schedule B**).

For life insurance companies

Premiums received (transaction code 1) and paid (transaction code 2) reflect premiums accrued on reinsurance assumed from or ceded to insurance companies resident abroad. These amounts, therefore, are adjusted for changes in due, deferred, and advanced premiums for each quarter. Report premiums gross of commissions and profit commissions paid to or received from foreign persons, including commissions initially paid to or received from a U.S. intermediary (agent or broker) of a foreign person.

Losses paid (transaction code 3) and recovered (transaction code 4) reflect policy claims on reinsurance assumed or ceded, adjusted for changes in claims due, unpaid, and in the course of settlement.

Whoever willfully fails to report shall be fined, and, if an individual, may be imprisoned for not more than one year, or both. Any officer, director, employee, or agent of any entity who knowingly participates in such violations, upon conviction, may be punished by a like fine, imprisonment, or both. (See 22 U.S.C. 3105.) Notwithstanding the above, a U.S. person is not subject to any penalty for failure to report if a valid Office of Management and Budget (OMB) control number is not displayed on the form. The control number for Form BE-45 (0608-0066) is displayed at the top of the first page of this form.

I. WHO IS TO REPORT AND GENERAL COVERAGE

A. Who must report — A response is required from each U.S. insurance company that was notified by BEA about the survey.

1. Mandatory reporting, voluntary reporting, and exemptions

a. Mandatory reporting

A complete BE-45 report is required from each U.S. insurance company that engaged in reinsurance transactions with foreign persons, that earned premiums from, or incurred losses to, foreign persons in the capacity of primary insurers, or that engaged in international sale or purchase transactions in services auxiliary to insurance. Filing is mandatory if the U.S. Reporter's combined reportable transactions exceeded \$8 million (based on absolute value) in the previous calendar year or are expected to exceed that amount during the current calendar year, on an accrual basis: (1) premiums earned, and (2) losses, on reinsurance assumed; (3) premiums incurred, and (4) losses, on reinsurance ceded; (5) premiums earned, and (6) losses, on primary insurance sold; (7) sales of, and (8) purchases of, auxiliary insurance services.

b. Voluntary reporting

If, in the previous year, combined reportable transactions were \$8 million or less (based on absolute value), on an accrual basis, and are

expected to be less than that amount in the current year, then the U.S. insurance company may report transactions at a country and affiliation level of detail on the applicable mandatory schedule(s). Provision of this additional detail is voluntary. The estimates may be judgmental, that is, based on recall, without conducting a detailed records search.

c. Exemption

A U.S. insurance company receiving this form from BEA is not required to report data if transactions fall below the threshold described in Part I.A.1.a. However, it must complete and return the survey through page 6.

B. Consolidation — A U.S. enterprise should file a single Form BE-45 covering combined (total) insurance services transactions of all its domestic subsidiaries, and parts, that are insurance services providers.

1. Consolidating unincorporated enterprises

Consolidate into your BE-45 report the transactions of unincorporated enterprises in which your company has voting control. Please see the following items on determining the voting interest in typical unincorporated enterprises.

Partnerships – Most partnerships are either general partnerships or limited partnerships. Consolidation of partnerships and inclusion of their insurance services transactions (purchases and sales) on the BE-45 survey is based on voting control.

a. General partnerships

Determination of voting interest — The determination of the percentage of voting interest of a general partner is based on who controls the partnership. The percentage of voting interest is not based on the percentage of ownership in the partnership's equity. The general partners are presumed to control a general partnership. Unless a clause to the contrary is contained in the partnership agreement, a general partnership is presumed to be controlled equally by each of the general partners.

Managing partners – If one general partner is designated as the managing partner, responsible for the day-to-day operations of the partnership, this does not necessarily transfer control of the partnership to the managing partner. If the managing partner must obtain approval for annual operating budgets and for decisions relating to significant management issues from the other general partners, then the managing partner does not have a 100 percent voting interest in the partnership.

b. Limited partnerships

Determination of voting interest – The determination of the percentage of voting interest in a limited partnership is based on who controls the partnership. The percentage of voting interest is not based on the percentage of ownership in the partnership's equity. In most cases, the general partner is presumed to control a limited partnership, and therefore, have a 100 percent voting interest in the limited partnership. If there is more than one general partner, the partnership is presumed to be controlled equally by each of the general partners, unless a clause to the contrary is contained in the partnership agreement. Therefore, unless a clause to the contrary is contained in the partnership agreement, limited partners are presumed to have zero voting interest in a limited partnership.

Managing partners – See discussion under "General Partnerships" above.

c. Limited Liability Companies (LLCs)

Determination of voting interest – The determination of the percentage of voting interest in an LLC is based on who controls the LLC. The percentage of voting interest is not based on the percentage of ownership in the LLC's equity. LLCs are presumed to be controlled equally by each of its members (owners), unless a clause to the contrary is contained in the articles of organization or in the operating agreement.

Managing member – If one member is designated as the managing member responsible for the day-to-day operations of the LLC, this does not necessarily transfer control of the LLC to the managing member. If the managing member must obtain approval for annual operating

Page 17 FORM BE-45 (REV. 02/2024)

GENERAL INSTRUCTIONS — Continued

budgets and for decisions relating to other significant management issues from the other members, then the managing member does not have a 100 percent voting interest in the LLC.

C. Transactions involving a broker — At times, insurance transactions between a U.S. person and a foreign person may be arranged by, billed through, or otherwise facilitated by, a broker, agent, or intermediary. In order to avoid duplication, the data should be reported by the insurance company assuming the risk or recovering or paying the loss. Brokers, agents, and intermediaries are generally not to report.

II. WHAT TO REPORT

- A. Report transactions with affiliated foreign persons as well as with unaffiliated foreign persons (Part V. for more information on reporting relationships). File separate schedules to report transactions with (1) your foreign affiliates, (2) your foreign parent group, and (3) unaffiliated foreign persons.
- B. Report transactions with alien insurance groups, whether or not funds remitted to and from these organizations are cleared through their American trust funds.
- C. Note that the criterion for reporting is whether the transaction is between a U.S. person and a foreign person. It is immaterial whether the assets insured are located in the United States or abroad.
- D. Report transactions with U.S. affiliates of foreign firms for the account of their foreign parent firm. (Report them on the schedule covering your transactions with unaffiliated foreign persons.)
- E. Report transactions with foreign persons made by your foreign affiliate for your account. (Report them on the schedule covering your transactions with unaffiliated foreign persons.)

III. WHAT NOT TO REPORT

A. Finite insurance and finite reinsurance — Finite insurance and reinsurance contracts transfer a limited amount of insurance risk from the policyholder to the insurer with the policyholder retaining a significant portion of that risk. Contract terms and features that can limit the transfer of insurance risk include the following: (1) Contract terms that result in the premium paid by the policyholder plus anticipated investment income earned by the insurer on that premium approximately equaling the reimbursements (including claim recoveries and any contract adjustments) expected by the policyholder from the insurer, (2) Adjustable features that result in profit-and-loss sharing arrangements between the policyholder and the insurer, (3) A contract coverage period that extends beyond one year and premiums for subsequent periods that may depend on the loss experience of earlier years, (4) Limits on the amount of claims to be paid by the insurer, (5) Loss corridors that limit or eliminate the risk of loss for a specified percentage or dollar amount of claims within the range of contract coverage, (6) Favorable contract termination provisions, for example, that would result in a loss to the policyholder, (7) Premiums that are a substantial percentage of the maximum coverage provided.

Types of finite insurance include, but are not limited to, loss portfolio transfers, adverse development coverages, and spread loss coverages. There may be other types of finite reinsurance that are not explicitly listed but are substantially identical in function and should **not** be reported on the survey as well.

- **B.** Do **not** report reserve transfers or recaptures of reserves on the inception or termination of reinsurance contracts. Such amounts do not represent the provision of a service, and should be excluded from reporting on the BE-45 survey. Only include current premiums on transferred amounts.
- C. Do not report transactions with U.S. affiliates of foreign firms for their own account. Transactions with these U.S. affiliates are considered domestic-to-domestic for purposes of this survey.
- D. Do not report transactions with foreigners made by your foreign affiliates for their own account.
- E. Do not report premiums to, or losses from, foreign insurance companies

on primary or direct insurance. Premiums on such insurance purchased from foreign insurance companies are to be reported on Form BE-120, Benchmark Survey of Transactions in Selected Services and Intellectual Property with Foreign Persons, and Form BE-125, Quarterly Survey of Transactions in Selected Services and Intellectual Property with Foreign Persons.

V. OTHER INSTRUCTIONS

A. Distinguishing between unaffiliated and affiliated transactions

This survey covers U.S. insurance companies' direct transactions with affiliated and unaffiliated foreign persons.

Examples of affiliated transactions are:

- A transaction between a U.S. insurance company (U.S. parent) and its foreign affiliate.
- A transaction between a U.S. insurance company (U.S. affiliate) and its foreign parent(s) or member(s) of the foreign parent group(s).

Examples of unaffiliated transactions are:

- A transaction between a U.S. insurance company and an unaffiliated foreign person.
- A transaction between one U.S. insurance company and another U.S. insurance company's foreign affiliate. Such a transaction is reportable by the first U.S. insurance company.

Examples of transactions that are not reportable are:

- A transaction between a U.S. affiliate of a foreign parent and another U.S. person.
- A transaction between a U.S. parent's foreign affiliate and another foreign person.

B. Understanding the U.S. insurance company's relationship with foreign persons

The relationship between the U.S. Reporter and the foreign persons fall into one of three categories:

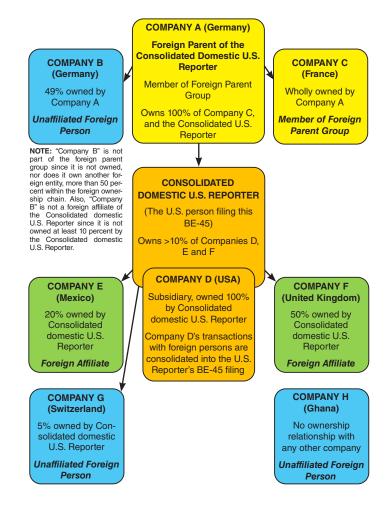

Foreign affiliates – A foreign affiliate is defined as an entity domiciled in a foreign country that is owned at least 10 percent, directly or indirectly, by the U.S. Reporter.

Foreign parent group means all of the following:

- (i) the foreign parent, which is the first entity outside the United States in a foreign chain of ownership, that owns at least 10 percent (based on voting interest), directly or indirectly, of the consolidated domestic U.S. business enterprise.
- (ii) any foreign entity proceeding up the foreign parent's ownership chain, that owns more than 50 percent of the entity below it up to and including the entity that is not owned more than 50 percent by another foreign entity.
- (iii) any foreign entity that, proceeding down the ownership chain(s) of each of these members, is owned more than 50 percent by the entity above it.

Unaffiliated foreign persons – An unaffiliated foreign person is an entity domiciled abroad that is not owned, or is owned less than ten percent, directly or indirectly, by the U.S. Reporter or the U.S. Reporter's foreign parent.

The diagram in the next column illustrates each of these relationships with regards to the U.S. Reporter.
