Specific Instructions

Specific Reporting Instructions for Parts II and III

Types of service:

The U.S. Reporter (U.S. Agent) of foreign ocean carriers should report expenses for the following types of vessels:

Tramp: Dry cargo vessels operating on an irregular or unscheduled basis (report in Part II).

Tanker: Vessels ordinarily engaged in carriage of liquid cargo (report in Part II).

Liner: Dry cargo, passenger, or combination vessels operating on a definite, advertised schedule, giving relatively frequent sailings at regular intervals between U.S. and foreign ports (report in Part III).

NOTE — Do not combine carriers or vessel types when reporting.

Reporting instructions:

Nationality of carrier — Report the foreign carrier's name and country of residence, that is, the country in which the home office or principal place of business is located. This may differ from the country of registration, or flag, of the vessels operated. A separate report is required for each carrier.

For tramp and tanker services (dry or liquid bulk) — Complete Part II of the survey on page 4. Report the expenses of a minimum of 10 separate port calls for these services. U.S. Agents may report any number of carrier/vessel combinations as necessary to complete this reporting requirement. For example, a U.S. Agent representing 5 different carriers may report 2 port calls for each carrier, or 5 port calls for 2 different carriers. You have the option to report more than 10 separate port calls, if desired. Select the port calls for which you have the most information. A separate page should be used for each carrier or vessel type. Make additional copies of Part II as needed (eFile users – select “Add Part II worksheet” from the survey selection page).

For liner services, including passenger/cruise vessels — Complete Part III of the survey on page 5. Each U.S. Agent must report the port expenses of all liner carriers that the U.S. Agent represents. For each carrier, report the combined expenses for all vessels during the reporting period. Include all the vessels of that carrier calling at U.S. ports. If the U.S. Agent represents the carrier in more than one U.S. port, then a consolidated report should be filed. A separate page should be used for each carrier. Do not combine carriers. To report additional

carriers, make additional copies of Part III (eFile users – select “Add Part III worksheet” from the survey selection page).

Expenses:

Item 1 — Port call expenses: Report expenses related to calling at U.S. ports. Include expenses for services such as pilotage; towing and tugboat services; lines; surveys; documentation; harbor fees; berth fees; etc.

Item 2 — Cargo expenses: Report expenses related to loading, unloading, and storing cargo at U.S. ports. Report expenses such as those for stevedoring; for handling bulk cargoes, containers, barges, etc.; for lighterage; for container and barge rentals; and for warehouse and terminal rentals and expenses.

Item 3 — Fuel expenses: Report expenses for fuel and oil (bunkers) taken on in U.S. ports. Do not report fuel and oil expenses incurred in foreign ports even though payments for them are made to U.S. companies.

Item 4 — Vessel expenses other than fuel: Report other (nonfuel) operating expenses such as stores and supplies, vessel repairs, and personnel expenses in the United States.

Item 5 — Other expenses: Report other U.S. expenses of foreign carriers related to U.S. operations. Report expenses—such as, but not limited to, U.S. agents' and brokers' fees and commissions—and expenses related to maintaining U.S. offices, such as rent, advertising, and wages.

Item 6 — Total expenses (sum of items 1-5): Report all expenses incurred by foreign operators in the United States. This should equal the sum of expenses reported above.

Item 7 — Shipping weight of cargo handled: Report shipping weight in thousands of long tons (1 long ton = 2,240 pounds) of total export and import cargo handled by foreign carriers included in this report, and for which cargo expenses were reported above.

Expenses not reportable on this form — Do not include insurance for cargoes and vessels. Do not include vessel leasing expenses, capital transfers such as vessel mortgage payments for principal and interest, depreciation expense, and payments for equipment and supplies for which Shippers Export Declarations were filed with the U.S. Customs and Border Protection.

Part II – U.S. Expenses of Foreign Tramp (Dry Bulk) and Tanker (Liquid Bulk) Vessels

Only report expenses of foreign tramp and tanker vessels on this page. Report expenses of foreign liner (including passenger/cruise) vessels in Part III (page 5).

NOTE – Separate pages must be completed for each foreign tramp or tanker ocean carrier the U.S. Reporter (U.S. Agent) represents. DO NOT combine carriers or vessel types. To report additional port calls for this carrier, or to report port calls for another carrier, make additional copies of this page (eFile users – select “Add Part II worksheet” from the survey selection page).

5 What is the name of the foreign tramp/tanker ocean carrier?

Name of U.S. Reporter (U.S. Agent):

6 What is the nationality of the foreign tramp/tanker ocean carrier? Report the foreign carrier's name and country of residence, that is, the country in which the home office or principal place of business is located. This may differ from the country of registration, or flag, of the vessels operated. A separate report is required for each carrier.

BEA USE ONLY

In the table below, report the expenses of up to 10 separate port calls for the foreign tramp/tanker ocean carrier named in Question **5**. Select port calls for which you have the most information. To report additional port calls for this carrier, or to report port calls for another carrier or vessel type, make additional copies of this page (eFile users – select “Add Part II worksheet” from the survey selection page).

NOTE: See the Specific Instructions on page three for complete information on reporting requirements.

Who Is To Report and General Coverage

Who must report — A response is required from each U.S. office, agent, or other representative of a foreign ocean carrier that was notified by BEA about the survey.

NOTE — U.S. Agents are steamship agents and other persons representing foreign carriers in arranging ocean transportation between U.S. and foreign ports and in arranging for port services in the United States.

Mandatory reporting —

- a. A complete BE-29 report is required from each U.S. office, agent, or other representative of a foreign ocean carrier that:
 - (1) handled 40 or more port calls in the United States during the reporting period, or
 - (2) handled total covered expenses of \$250,000 or more during the reporting period.
- b. A U.S. Agent of a foreign ocean carrier that handled fewer than 40 port calls in the United States AND had total covered expenses below \$250,000 during the reporting period must complete pages 1–2. The U.S. Agent also has the option of providing additional information, on a voluntary basis, in Parts II and III on pages 4 and 5.
- c. A U.S. Agent of a foreign ocean carrier that had no covered expenses must complete pages 1–2.

Foreign carriers must report expenses for services not reported or provided by U.S. Agents.

Carriers are owners or operators of dry cargo, passenger (including cruise and combination) and tanker vessels calling at U.S. ports. The term carrier also includes VLCC tankers discharging petroleum offshore destined for U.S. ports. Foreign carriers are those whose residence is outside the United States.

Foreign carriers include those who own or operate their own or chartered (U.S.-flag or foreign-flag) vessels. They also include foreign subsidiaries of U.S. companies operating their own or chartered vessels as carriers for their own accounts. Where the vessels under foreign registry are operated directly by a U.S. carrier for its own account, the operation of such vessels should be reported on Form BE-30, Quarterly Survey of Ocean Freight Revenues and Expenses of U.S. Carriers. A copy of the form can be downloaded from www.bea.gov/ssb.

What must be reported:

For tramp and tanker services (dry or liquid bulk) — Complete Part II of the survey on page 4. Report the expenses of a minimum of 10 separate port calls for these services. U.S. Agents may report any number of carrier/vessel combinations as necessary to complete this reporting requirement. For example, a U.S. Agent representing 5 different carriers may report 2 port calls for each carrier, or 5 port calls for 2 different carriers. You have the option to report more than 10 separate port calls, if desired. Select the port calls for which you have the most information. A separate page should be used for each carrier or vessel type. Make additional copies of Part II as needed (eFile users – select “Add Part II worksheet” from the survey selection page).

For liner services, including cruise vessels — Complete Part III of the survey on page 5. Each U.S. Agent must report the port expenses of all liner carriers that the U.S. Agent represents. For each carrier, report the combined expenses for all vessels during the reporting period. Include all the vessels of that carrier calling at U.S. ports. If the Agent represents the carrier in more than one U.S. port, then a consolidated report should be filed. A separate page should be used for each carrier. Do not combine carriers. To report additional carriers, make additional copies of Part III (eFile users – select “Add Part III worksheet” from the survey selection page).

Frequency — A report must be filed for each calendar year within 90 days after the close of the calendar year.
