Industry classification of fully consolidated domestic U.S. Reporter (based on sales or gross operating revenues)

- Report in columns (1) and (2) respectively, the 4-digit International Surveys Industry (ISI) code(s) and the sales associated with each code.
- For a full explanation of each code, see the **Guide to Industry Classifications for International Surveys, 2007**.
- For an **inactive** U.S. Reporter, enter an ISI code based on its last active period.
- Holding companies** (ISI code 5512) must show total income. A conglomerate must determine its 4-digit ISI code(s) based on the activities of the fully consolidated U.S. domestic business enterprise. The "holding company" classification is often an invalid classification for a conglomerate. Please contact BEA for further assistance before using ISI code 5512.
- Dealers in financial instruments and finance, insurance, and real estate companies see **Special Instructions**, page 12.

Section A — Net Income, Certain Gains (Losses), and U.S. Income Taxes

Reporter ID	
--------------------	--

What are the U.S. Reporter's value(s) for:

\$ Bil. Mil. Thous. Dols.

- 27** Net income (loss), after provision for U.S. income taxes? Include:
- a.** Income from equity investments in unconsolidated business enterprises (domestic and foreign); for those owned less than 20 percent report dividends;
 - b.** Non-operating income and extraordinary items (as defined by GAAP);
 - c.** Gains (losses) from the sale or liquidation of foreign affiliates. In accordance with FASB ASC 830 (FAS 52), these gains (losses) must be adjusted to include the closing balance in the foreign affiliate's translation adjustment account.

3046	1				000
------	---	--	--	--	-----

- 28** Certain gains (losses)? Read the following instructions carefully as they may deviate from what is normally required by U.S. Generally Accepted Accounting Principles. Report **gross** amount **before** income tax effect. Include income tax effect in 29. Report gains (losses) resulting from:
- a.** Sale or disposition of financial assets including investment securities; FASB ASC 320 (FAS 115) holding gains (losses) on securities classified as trading securities; FASB ASC 320 (FAS 115) impairment losses; and gains (losses) derived from derivative instruments. *Dealers in financial instruments (including securities, currencies, derivatives, and other financial instruments) and finance and insurance companies, see Special Instructions, A.1., page 12;*
 - b.** Sales or dispositions of land, other property, plant and equipment, or other assets, and FASB ASC 360 (FAS 144) impairment losses. *Exclude* gains or losses from the sale of inventory assets in the ordinary course of trade or business. *Real estate companies, see Special Instructions, A.2., page 12;*
 - c.** Goodwill impairment as defined by FASB ASC 350 (FAS 142);
 - d.** Restructuring. *Include* restructuring costs that reflect write-downs or write-offs of assets or liabilities. *Exclude* actual payments and charges to establish reserves for future expected payments, such as for severance pay, and fees to accountants, lawyers, consultants, or other contractors;
 - e.** Disposals of discontinued operations. *Exclude* income from the operations of a discontinued segment. Report such income as part of your income from operations in 30;
 - f.** Re-measurement of U.S. Reporter's foreign-currency-denominated assets and liabilities due to changes in foreign exchange rates during the reporting period;
 - g.** Extraordinary, unusual, or infrequently occurring items that are material. *Include* losses from accidental damage or disasters after estimated insurance reimbursement. *Include* other material items, including write-ups, write-downs, and write-offs of tangible and intangible assets; gains (losses) from the sale or other disposition of capital assets; and gains (losses) from the sale or other disposition of financial assets, including securities, to the extent not included above. *Exclude* legal judgments;
 - h.** The cumulative effect of a change in accounting principle; and
 - i.** The cumulative effect of a change in the estimate of stock compensation forfeitures under FASB ASC 718 (FAS 123(R)).

3039	1				000
------	---	--	--	--	-----

- 29** U.S. income taxes? Provision for U.S. Federal, state, and local income taxes. *Exclude production royalty payments*

Section B — Distribution of Sales or Gross Operating Revenues

- Report gross operating revenues or gross sales minus returns, allowances, and discounts. Exclude sales or consumption taxes levied directly on the consumer. Exclude net value-added and excise taxes levied on manufacturers, wholesalers, and retailers. Include revenues generated during the year from the operations of a discontinued business segment, but exclude gains or losses from disposals of discontinued operations. Report such gains or losses in **28** .
- Finance and leasing companies with ISI codes 5221, 5223, 5224, 5229, 5231, 5238, 5252, or 5331 report interest income in **30** .
- Insurance companies with ISI codes 5243 or 5249 report gross investment income in **30** . See **Special Instructions, B.2.a., c., and d., page 12.**
- Distribute sales or gross operating revenues among three categories – sales of goods, sales of services, and investment income. See **Additional Instructions** on page 11 at the back of this form.
- For the purpose of this distribution, "goods" are normally economic outputs that are tangible and "services" are normally economic outputs that are intangible.
- When a sale consists of both goods and services and cannot be unbundled (i.e., the goods and services are not separately billed), classify the sales as goods or services based on whichever accounts for the majority of the value. Give best estimates if actual figures are not available.

Section C — Number of Employees and Employee Compensation

Reporter ID	
--------------------	--

- **Report the number of employees** on the payroll at the end of FY 2011 including part-time employees, but excluding temporary and contract employees not included on your payroll records. A count taken at some other date during the reporting period may be given provided it is a reasonable estimate of employees on the payroll at the end of FY 2011. If the number of employees at the end of FY 2011 (or when the count was taken) was unusually high or low due to temporary factors (e.g., a strike), enter the number of employees that reflects normal operations. If the number of employees fluctuates widely during the year due to seasonal business variations, report the average number of employees on the payroll during FY 2011. Base such an average on the number of employees on the payroll at the end of each pay period, month or quarter. If precise figures are not available, give your best estimate.
- **Report employee compensation** expenditures made by an employer in connection with the employment of workers, including cash payments, payments in-kind, and employer expenditures for employee benefit plans including those required by statute. Base compensation data on payroll records. Report compensation which relates to activities that occurred during the reporting period regardless of whether the activities were charged as an expense on the income statement, charged to inventories, or capitalized. DO NOT include data related to activities of a prior period, such as those capitalized or charged to inventories in prior periods. DO NOT include compensation of contract workers not carried on the payroll of this U.S. Reporter. Total employee compensation consists of **wages and salaries** of employees and employer expenditures for all **employee benefit plans**.
 - **Wages and salaries** include gross earnings of all employees before deduction of employees' payroll withholding taxes, social insurance contributions, group insurance premiums, union dues, etc. Include time and piece-rate payments, cost of living adjustments, overtime pay and shift differentials, bonuses, profit-sharing amounts, stock-based compensation, and commissions. Exclude commissions paid to independent personnel who are not employees. Include direct payments by employers for vacations, sick leave, severance (redundancy) pay, etc. Exclude payments made by, or on behalf of, benefit funds rather than by the employer. Include employer contributions to benefit funds. Include in-kind payments, valued at their costs, that are clearly and primarily of benefit to the employees as consumers. Do not include expenditures that benefit employers as well as employees, such as expenditures for plant facilities, employee training programs, and reimbursement of business expenses.
 - **Employee benefit plans** include employer expenditures for all employee benefit plans including those mandated by government statute, those resulting from collective bargaining contracts and those that are voluntary. Include Social Security and other retirement plans, life and disability insurance, guaranteed sick pay programs, workers' compensation insurance, medical insurance, family allowances, unemployment insurance, severance pay funds, etc. Also, include deferred post-employment and post-retirement expenses per FASB ASC 715 (FAS 106). If plans are financed jointly by the employer and the employee, include only the contributions of the employer.

Section E — Expenditures for Property, Plant, and Equipment (PP&E)

- PP&E expenditures includes expenditures for land, timber, mineral and like rights owned, structures, machinery, equipment, special tools, and other depreciable property; construction in progress; and capitalized tangible and intangible exploration and development costs, but excludes expenditures for other types of intangible assets, and land held for resale.
- Include expenditures for items leased from others (including land) under **capital leases**. Also include the expenditure for the capitalized value of timber, mineral, and similar rights leased by the U.S. Reporter from others. Exclude items the U.S. Reporter has sold under a capital lease.
- Exclude from expenditures all changes in PP&E resulting from a **change in the entity** (e.g., due to mergers, acquisitions, divestitures, etc.) or **accounting principles** during FY 2011.
- **For U.S. Reporters engaged in exploring for, or developing, natural resources**, include exploration and development expenditures made during FY 2011 that were capitalized, including capitalized expenditures to acquire or lease mineral rights. Do not include adjustments for expenditures charged against income in prior years but subsequently capitalized during FY 2011.
- **Insurance companies** should include expenditures WHEREVER CLASSIFIED IN THE BALANCE SHEET.

Section H — Insurance

Reporter ID

Insurance Industry Activities — Premiums earned and losses incurred

- Report premiums earned and losses incurred for insurance related activities covered by ISI codes 5243 (Insurance carriers, except life insurance carriers) and 5249 (Life insurance carriers).

48 Of the total sales and gross operating revenues reported in **21**, column 2, were any of the sales or revenues generated by insurance related activities covered by ISI codes 5243 or 5249?

- 3591 ¹ **1** Yes — Answer **49** and **50** .
- ¹ **2** No — Skip to **51** .

What are the U.S. Reporter's values for:

- 49** Premiums earned? — Report premiums, gross of commissions, included in revenue during the reporting year. Calculate as direct premiums written (including renewals) net of cancellations, plus reinsurance premiums assumed, minus reinsurance premiums ceded, plus unearned premiums at the beginning of the year, minus unearned premiums at the end of the year. Exclude all annuity premiums. Also exclude premiums and policy fees related to universal and adjustable life, variable and interest-sensitive life, and variable-universal life policies.

| | 3593 | ¹ <input type="text"/> | | | 000 |
- For property and casualty insurance, calculate as net losses paid during the reporting year, minus net unpaid losses at the beginning of the year, plus net unpaid losses at the end of the year. In the calculation of net losses, include losses on reinsurance assumed from other companies and exclude losses on reinsurance ceded to other companies. Unpaid losses include both case reserves and losses incurred but not reported.
 - For life insurance, losses reflect policy claims on reinsurance assumed or on primary insurance sold, minus losses recovered from reinsurance ceded, adjusted for changes in claims due, unpaid, and in the course of settlement.

Section I — Technology

- **Research and development (R&D) expenditures in 51** pertains only to R&D performed by the U.S. Reporter, whether for its own account or for others. Include the cost of R&D performed by the U.S. Reporter and allocated to its foreign affiliate. (DO NOT report such allocated R&D costs on Form BE-11(B), **32**.) Also, include R&D financed by the Federal Government. Exclude the cost of any R&D funded by the Reporter but performed by others.

• **R&D includes the following:**

- The planned, systematic pursuit of new knowledge or understanding toward general application (**basic research**);
- The acquisition of knowledge or understanding to meet a specific, recognized need (**applied research**); and
- The application of knowledge or understanding toward the production or improvement of a product, service, process, or method (**development**).

- **Basic research** is the pursuit of new scientific knowledge or understanding that does not have specific immediate commercial objectives, although it may be in fields of present or potential commercial interest.
- **Applied research** applies the findings of basic research or other existing knowledge toward discovering new scientific knowledge that has specific commercial objectives with respect to new products, services, processes, or methods.
- **Development** is the systematic use of the knowledge or understanding gained from research or practical experience directed toward the production or significant improvement of useful products, services, processes, or methods, including the design and development of prototypes, materials, devices, and systems.
- R&D includes the activities described above, whether assigned to separate organizational units of the company or conducted by company laboratories and technical groups that are not a part of a separate R&D organization.
- Include all costs incurred to support R&D. Include wages, salaries, and related costs; materials and supplies consumed; R&D depreciation, amortization, cost of computer software used in R&D activities; utilities, such as telephone, telex, electricity, water, and gas; travel costs and professional dues; property taxes and other taxes (except income taxes) incurred on account of the R&D organization or the facilities they use; insurance expenses; maintenance and repair, including maintenance of buildings and grounds; company overhead including: personnel, accounting, procurement and inventory, and salaries of research executives not on the payroll of the R&D organization.
- Exclude expenditures for quality control; routine product testing; market research; sales promotion, sales service, and other nontechnological activities; routine technical services; research in the social sciences or psychology; geological and geophysical exploration activities, and advertising programs to promote or demonstrate new products or processes.
- Exclude capital expenditures, expenditures for tests and evaluations once a prototype becomes a production model, patent expenses, and income taxes and interest.

Part IV – Exports and Imports By the U.S. Reporter

Goods only valued f.a.s. at the port of exportation; do not include services. See *Instruction Booklet, Part V.*

IMPORTANT NOTES

Report exports and imports of goods by the U.S. Reporter in FY 2011. Report all goods that physically left or entered the U.S. customs area. Report data on a "shipped" basis, i.e., on the basis of when and to (or by) whom the goods were shipped. This is the same basis as official U.S. trade statistics to which these data will be compared. Do **not** record a U.S. import or export if the goods did not physically enter or leave (i.e., were not physically shipped to or from) the United States, even if they were charged to the U.S. Reporter by, or charged by the U.S. Reporter to, a foreign person.

U.S. Reporters normally keep their accounting records on a "charged" basis, i.e., on the basis of when and to (or by) whom the goods were charged. The "charged" basis may be used if there is no material difference between it and the "shipped" basis. If there is a material difference, the "shipped" basis must be used or adjustments made to data on a "charged" basis to approximate a "shipped" basis. The data should include goods only; they should **exclude** services.

Capital goods — Include capital goods but exclude the value of ships, planes, railroad rolling stock, and trucks that were temporarily outside the United States transporting people or goods.

Consigned goods — Include consigned goods in the trade figures when shipped or received, even though they are not normally recorded as sales or purchases, or entered into intercompany accounts when initially consigned.

In-transit goods — Exclude from exports and imports the value of goods that are in-transit. In-transit goods are goods that are not processed or consumed by residents in the intermediate country(ies) through which they transit; the in-transit goods enter that country(ies) only because that country(ies) is along the shipping lines between the exporting and importing countries. In-transit imports are goods en route from one foreign country to another via the United States (such as from Canada to Mexico via the United States), and in-transit exports are goods en route from one part of the United States to another part via a foreign country (such as from Alaska to Washington State via Canada).

Packaged general use computer software — Include exports and imports of packaged general use computer software. Value such exports and imports at the full transaction value, i.e., the market value of the media on which the software is recorded and the value of the information contained on the media. Do not include exports and imports of customized software designed to meet the needs of a specific user. This type of software is considered a service and should not be included as trade in goods. Also do not include negotiated leasing fees for software that is to be used on networks.

Natural gas, electricity, and water — Report ONLY the product value of natural gas, electricity, and water that you produce or sell at wholesale as exports and imports of goods. DO NOT report the service value (transmission and distribution).

52 On what basis were the trade data in the section prepared? — Mark (X) one.

- 4101 ¹ "Shipped" basis.
- ² "Charged" basis without adjustments, because there is no material difference between the "charged" and "shipped" bases.
- ³ "Charged" basis with adjustments to correct for material differences between the "charged" and "shipped" bases.

2011 ANNUAL SURVEY OF U.S. DIRECT INVESTMENT ABROAD

FORM BE-11A

ADDITIONAL INSTRUCTIONS BY ITEM

Authority — This survey is being conducted pursuant to the International Investment and Trade in Services Survey Act (P.L. 94-472., 90 Stat. 2059, 22 U.S.C 3101-3108, as amended, hereinafter “the Act”), and the filing of reports is MANDATORY pursuant to Section 5(b)(2) of the Act (22 U.S.C. 3104).

Penalties — Whoever fails to report shall be subject to a civil penalty of not less than \$2,500, and not more than \$25,000, and to injunctive relief commanding such person to comply, or both. Whoever willfully fails to report shall be fined not more than \$10,000 and, if an individual, may be imprisoned for not more than one year, or both. Any officer, director, employee, or agent of any corporation who knowingly participates in such violations, upon conviction, may be punished by a like fine, imprisonment, or both (22 U.S.C. 3105). These civil penalties are subject to inflationary adjustments. Those adjustments are found in 15 CFR 6.4.

Notwithstanding any other provision of the law, no person is required to respond to, nor shall any person be subject to penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number.

Respondent Burden — Public reporting burden for this BE-11 report (**comprising Form BE-11A and Form(s) BE-11B, BE-11C, BE-11D, and/or BE-11E**) is estimated to average 86 hours per response. This burden includes time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to Director, Bureau of Economic Analysis (BE-1), U.S. Department of Commerce, Washington, DC 20230; and to the Office of Management and Budget, Paperwork Reduction Project 0608-0053, Washington, DC 20503.

Confidentiality — The Act provides that your report to this Bureau is confidential and may be used only for analytical or statistical purposes. Without your prior written permission, the information filed in your report cannot be presented in a manner that allows it to be individually identified. Your report cannot be used for purposes of taxation, investigation, or regulation. Copies retained for your files are immune from legal process.

Part III — Financial and Operating Data of U.S. Reporter

Section B — Distribution of Sales or Gross Operating Revenues (34 — 36)

34 Sales of goods — Goods are normally economic outputs that are tangible. Report as sales of goods:

- Mass produced media, including exposed film, video tapes, DVDs, audio tapes, and CDs.
- Books. NOTE: Book publishers — To the extent feasible, report as sales of services all revenues associated with the design, editing, and marketing activities necessary for producing and distributing books that you both publish and sell. If you cannot unbundle (i.e., separate) these revenues from the value of the books you sell, then report your total sales as sales of goods or services based on the activity that accounts for a majority of the value.
- Energy trading activities where you take title to the goods. NOTE: If you act in the capacity of a broker or agent to facilitate the sale of goods and you do not take title to the goods, report your revenue (i.e., commissions) as sale of services in 35.
- Magazines and periodicals sold in retail stores. NOTE: Report subscription sales as sales of services in 35.
- Packaged general use computer software.
- Structures sold by businesses in real estate.
- Revenues earned from building structures by businesses in construction.
- Electricity, natural gas, and water. NOTE: Revenues derived from transmitting and/or distributing these goods, as opposed to revenues derived from the sale of the actual product, should to the extent feasible, be reported as sales of services in 35.

35 Sales of services — Services are normally economic outputs that are intangible. Report as sales of services:

- Advertising revenue.
- Commissions and fees earned by companies engaged in finance and real estate activities.
- Mass produced audiovisual media that are delivered electronically, including film, music, manuscripts, or other digital content.

- Premiums earned by companies engaged in insurance activities. NOTE: Calculate as direct premiums written (including renewals) net of cancellations, plus reinsurance premiums assumed, minus reinsurance premiums ceded, plus unearned premiums at the beginning of the year, minus unearned premiums at the end of the year.
- Commissions earned by agents or brokers (i.e., wholesalers) who act on behalf of buyers and sellers in the wholesale distribution of goods. NOTE: Agents or brokers do not take title to the goods being sold.
- Magazines and periodicals sold through subscriptions. NOTE: Report magazines and periodicals sold through retail stores, as sales of goods in 34.
- Newspapers.
- Pipeline transportation.
- Software downloaded from the Internet, electronic mail, an Extranet, an Electronic Data Interchange network, or some other online system.
- Computer systems design and related services.
- Negotiated licensing fees for software to be used on networks. Licensing fees associated with rights to reproduce or distribute software.
- Electricity transmission and distribution, natural gas distribution, and water distribution.

Report the source of real estate rental income in 31 through 33 based on the location of the property.

36 Investment income — Report dividends and interest generated by finance and insurance activities as investment income. NOTE: Report commissions and fees as sales of services in 35.

Finance or insurance companies that include investment income in gross operating revenues should report the source of such investment income in 31 through 33 based on the location of the issuer of the financial instrument whether publicly issued or privately placed. If the location of the issuer is unknown, then substitute the nationality of the issuer. If both the location and nationality of the issuer are unknown, and an intermediary (e.g., trustee, custodian, or nominee) is used to manage the investment (financial instrument or real estate) use the country of location of the intermediary.

Special Instructions for Dealers in Financial Instruments, Finance Companies, Insurance Companies, and Real Estate Companies

A. Certain gains (losses) (**28**) for (1) dealers in financial instruments and finance and insurance companies, and (2) real estate companies.

1. Dealers in financial instruments (including securities, currencies, derivatives, and other financial instruments) and finance and insurance companies — Include in **28** :

- impairment losses as defined by FASB ASC 320 (FAS 115),
- realized gains and losses on trading or dealing,
- unrealized gains or losses, due to changes in the valuation of financial instruments, that flow through the income statement, and
- goodwill impairment as defined by FASB ASC 350 (FAS 142).

EXCLUDE from **28** , unrealized gains or losses due to changes in the valuation of financial instruments that are taken directly to owners' equity.

EXCLUDE from **28** , income from explicit fees and commissions. Include income from these fees and commissions as operating income in **21** and **30** and as sales of services in item **35** .

2. Real estate companies — Include in **28** :

- impairment losses as defined by FASB ASC 360 (FAS 144), and
- goodwill impairment as defined by FASB ASC 350 (FAS 142).

EXCLUDE from **28** the revenues earned and expenses incurred from the sale of real estate you own. Such revenues should be reported as operating income in **21** and **30** and as sales of goods in **34** .

B. Special instructions for insurance companies

1. When there is a difference between the financial and operating data reported to stockholders and the data reported in the annual statement to an insurance department, prepare the BE-11 on the

same basis as the annual report to the stockholders. Valuation should be according to normal commercial accounting procedures, not at rates promulgated by insurance departments, e.g., include assets not acceptable for inclusion in the annual statement to an insurance department such as:

- (1.) non-trusted or free account assets and
- (2.) nonadmitted assets, including furniture and equipment, agents' debit balances, and all receivables deemed to be collectible. Include mandatory securities valuation reserves that are appropriations of retained earnings in the owners' equity section of the balance sheet, not in the liability section.

2. Instructions for reporting specific items

a. Sales or gross operating revenues, excluding sales taxes (**30)** — Include items such as earned premiums, annuity considerations, gross investment income, and items of a similar nature. Exclude income from equity investments in unconsolidated business enterprises and exclude certain realized and unrealized gains or losses that are to be reported in **28** .

b. Certain gains (losses) (**28)** — See **Special Instruction, A.1.**

c. Sales of services (**35)** — Include premium income and income from other services, if any. See **Additional Instructions for Part III, Section B, 35** , on page 11.

d. Investment income (**36)** — Report that portion of sales or gross operating revenues that is investment income. However, report any gains or losses on investments in accordance with **Special Instructions, A.1.** See **Additional Instructions for Part III, Section B, 36** , on page 11 to determine the location of the transactor of investment income.

Section A — Direct Ownership in this Foreign Affiliate

- **Equity interest** is the U.S. Reporter's direct ownership in the total equity (voting and nonvoting) of the affiliate. Examples of nonvoting equity include nonvoting stock and a limited partner's interest in a partnership.
- **Voting interest** is the U.S. Reporter's direct ownership in just the voting equity of the affiliate. Examples of voting equity include voting stock and a general partner's interest in a partnership. Thus, a U.S. Reporter could have a 100 percent direct voting interest in an affiliate but own less than 100 percent of the affiliate's total equity.

Industry classification of foreign affiliate (based on sales or gross operating revenues)

- Report in columns (1) and (2) respectively, the 4-digit International Surveys Industry (ISI) code(s) and the sales associated with each code.
- For a full explanation of each code, see the **Guide to Industry Classifications for International Surveys, 2007**.
- For an **inactive** foreign affiliate, enter an ISI code based on its last active period.
- Holding companies** (ISI code 5512) must show total income. To be considered a holding company, income from equity investments must be more than 50 percent of total income. In addition, normally at least 50 percent of total assets must consist of investments in affiliates. ISI code 5512 (holding company) is an invalid classification if more than 50 percent of income generated, or expected to be generated, by an affiliate is from non-holding company activities.
- Dealers in financial instruments and finance, insurance, and real estate companies see Special Instructions on page 14.*

Part II — Financial and Operating Data of Majority-Owned Foreign Affiliate

Section A — Number of Employees and Employee Compensation

- **Report the number of employees** on the payroll at the end of FY 2011 including part-time employees, but excluding temporary and contract employees not included on your payroll records. A count taken at some other date during the reporting period may be given provided it is a reasonable estimate of employees on the payroll at the end of FY 2011. If the number of employees at the end of FY 2011 (or when the count was taken) was unusually high or low due to temporary factors (e.g., a strike), enter the number of employees that reflects normal operations. If the number of employees fluctuates widely during the year due to seasonal business variations, report the average number of employees on the payroll during FY 2011. Base such an average on the number of employees on the payroll at the end of each pay period, month or quarter. If precise figures are not available, give your best estimate.
- **Report employee compensation** expenditures made by an employer in connection with the employment of workers, including cash payments, payments in-kind, and employer expenditures for employee benefit plans including those required by statute. Base compensation data on payroll records. Report compensation which relates to activities that occurred during the reporting period regardless of whether the activities were charged as an expense on the income statement, charged to inventories, or capitalized. **DO NOT** include data related to activities of a prior period, such as those capitalized or charged to inventories in prior periods. **DO NOT** include compensation of contract workers not carried on the payroll of this affiliate. Total employee compensation consists of **wages and salaries** of employees and employer expenditures for all **employee benefit plans**.
 - **Wages and salaries** include gross earnings of all employees before deduction of employees' payroll withholding taxes, social insurance contributions, group insurance premiums, union dues, etc. Include time and piece-rate payments, cost of living adjustments, overtime pay and shift differentials, bonuses, profit-sharing amounts, stock-based compensation, and commissions. Exclude commissions paid to independent personnel who are not employees. Include direct payments by employers for vacations, sick leave, severance (redundancy) pay, etc. Exclude payments made by, or on behalf of, benefit funds rather than by the employer. Include employer contributions to benefit funds. Include in-kind payments, valued at their costs, that are clearly and primarily of benefit to the employees as consumers. Do not include expenditures that benefit employers as well as employees, such as expenditures for plant facilities, employee training programs, and reimbursement of business expenses.
 - **Employee benefit plans** include employer expenditures for all employee benefit plans including those mandated by government statute, those resulting from collective bargaining contracts and those that are voluntary. Include Social Security and other retirement plans, life and disability insurance, guaranteed sick pay programs, workers' compensation insurance, medical insurance, family allowances, unemployment insurance, severance pay funds, etc. Also, include deferred post-employment and post-retirement expenses per FASB ASC 715 (FAS 106). If plans are financed jointly by the employer and the employee, include only the contributions of the employer.

Affiliate ID

• **Research and development (R&D) expenditures** in **32** pertains only to R&D **performed** by the foreign affiliate, including R&D performed by the affiliate for others (including the U.S. Reporter or its other foreign affiliates) under contract. (Exclude the cost of any R&D funded by the affiliate but performed by others, such as the affiliate's allocated share of R&D performed by the U.S. Reporter (report such R&D on Form BE-11A, **51**).

- R&D includes the following:
 - The planned, systematic pursuit of new knowledge or understanding toward general application (**basic research**);
 - The acquisition of knowledge or understanding to meet a specific, recognized need (**applied research**); and
 - The application of knowledge or understanding toward the production or improvement of a product, service, process, or method (**development**).

Basic research is the pursuit of new scientific knowledge or understanding that does not have specific immediate commercial objectives, although it may be in fields of present or potential commercial interest.

Applied research applies the findings of basic research or other existing knowledge toward discovering new scientific knowledge that has specific commercial objectives with respect to new products, services, processes, or methods.

Development is the systematic use of the knowledge or understanding gained from research or practical experience directed toward the production or significant improvement of useful products, services, processes, or methods, including the design and development of prototypes, materials, devices, and systems.

- R&D includes the activities described above, whether assigned to separate organizational units of the company or conducted by company laboratories and technical groups that are not a part of a separate R&D organization.
- Include all costs incurred in performing R&D. Include wages, salaries, and related costs; materials and supplies consumed; R&D depreciation, amortization, cost of computer software used in R&D activities; utilities, such as telephone, telex, electricity, water, and gas; travel costs and professional dues; property taxes and other taxes (except income taxes) incurred on account of the R&D organization or the facilities they use; insurance expenses; maintenance and repair, including maintenance of buildings and grounds; company overhead including: personnel, accounting, procurement and inventory, and salaries of research executives not on the payroll of the R&D organization.
- Exclude expenditures for quality control; routine product testing; market research; sales promotion, sales service, and other nontechnological activities; routine technical services; research in the social sciences or psychology; geological and geophysical exploration activities, and advertising programs to promote or demonstrate new products or processes.
- Exclude capital expenditures, expenditures for tests and evaluations once a prototype becomes a production model, patent expenses, and income taxes and interest.

Instructions for Section B — Balance Sheet

54 Inventories

- Land development companies should exclude land held for resale. Finance and insurance companies should exclude inventories of marketable securities; include these amounts in **58**.

55 Property, plant, and equipment, gross

- Report gross book value of land, timber, mineral rights and similar rights owned. Also include structures, machinery, equipment, special tools, deposit containers, construction-in-progress, and capitalized tangible and intangible exploration and development costs of the foreign affiliate.
- Include items on capital leases from others, per FASB ASC 840 (FAS 13).
- Exclude all other types of intangible assets and land held for resale.
- Unincorporated affiliates include items owned by the U.S. Reporter(s) but in the affiliate's possession whether or not carried on the affiliate's books or records.
- Insurance companies should not include assets of the U.S. Reporter held in the country of location of the affiliate that are for the benefit of the U.S. Reporter's policyholders.

57 Equity investments in other foreign affiliates of which this affiliate is a parent

- Report this affiliate's equity investment in other foreign affiliates of the U.S. Reporter(s), including branches of this affiliate. (If **57** has an entry, **43** should have an entry and **92** must be completed).

58 Other assets

- Include cash; CDs representing cash on deposit with others; land held for resale; other equity investments; noncurrent marketable securities; other investments; noncurrent trade accounts and trade notes receivable, net of allowance for doubtful items; intangible assets, net of amortization; and any other assets not reported elsewhere.
- Report credit balances in these accounts in **59**, other liabilities.
- *Insurance companies see **Special Instructions B.1.**, page 14.*

60 Trade accounts and trade notes payable, current

- Insurance companies should include current items such as loss liabilities, policy claims, commissions due, and other current liabilities arising from the ordinary course of business, and long-term debt.

61 Other liabilities

- Include noncurrent items, deferred taxes, minority interest in consolidated subsidiaries, and long-term debt.
- Insurance companies should include policy reserves unless they are clearly current liabilities.

63 Capital stock and additional paid-in capital

- Include common and preferred, voting and nonvoting capital stock and additional paid-in capital.

64 Retained earnings (deficit)

- Include earnings retained by the corporation and legally available for dividends, and earnings voluntarily restricted.

65 Translation adjustment

- Report the cumulative amount at year end per FASB ASC 830 (FAS 52) - For unincorporated foreign affiliates, report that portion of **70** representing the affiliate's cumulative translation adjustment account.

66 All other components

- Include the cumulative balance of unrealized holding gains and losses due to changes in the valuation of available-for-sale securities per FASB ASC 320 (FAS 115) and any other comprehensive income items required to be displayed separately from retained earnings as per FASB ASC 220 (FAS 130).

Section D — Distribution of Sales or Gross Operating Revenues

- Report gross operating revenues or gross sales minus returns, allowances, and discounts. Exclude sales or consumption taxes levied directly on the consumer. Exclude net value-added and excise taxes levied on manufacturers, wholesalers, and retailers. Include revenues generated during the year from the operations of a discontinued business segment, but exclude gains or losses from disposals of discontinued operations. Report such gains or losses in **45**.
- Finance and leasing companies with ISI codes 5221, 5223, 5224, 5229, 5231, 5238, 5252, or 5331 report interest income as sales and investment income.
- Insurance companies with ISI codes 5243 or 5249 report gross investment income as sales. *Also see **Special Instructions**, B.2.a., d., and e., page 14.*
- Distribute sales or gross operating revenues among three categories — sales of goods, sales of services, and investment income. See **Additional Instructions** on page 14 at the back of this form.
- For the purpose of this distribution, "goods" are normally economic outputs that are tangible and "services" are normally economic outputs that are intangible.
- When a sale consists of both goods and services and cannot be unbundled (i.e., the goods and services are not separately billed), classify the sales as goods or services based on whichever accounts for a majority of the value. Give best estimates if actual figures are not available.

Part V — U.S. Exports To and U.S. Imports From Majority-Owned Foreign Affiliate

Goods only valued f.a.s. at port of exportation; do not include services —
See *Instruction Booklet, Part V.*

Affiliate ID

IMPORTANT NOTES

Report U.S. exports of goods to and U.S. imports of goods from the foreign affiliate in FY 2011. Report all goods that physically left or entered the U.S. customs area. Report data on a "shipped" basis, i.e., on the basis of when and to (or by) whom the goods were shipped. This is the same basis as official U.S. trade statistics to which these data will be compared. Do **not** record a U.S. import or export if the goods did not physically enter or leave (i.e., were not physically shipped to or from) the United States, even if they were charged to the foreign affiliate by, or charged by the foreign affiliate to, a U.S. person.

Foreign affiliates normally keep their accounting records on a "charged" basis, i.e., on the basis of when and to (or by) whom the goods were charged. The "charged" basis may be used if there is no material difference between it and the "shipped" basis. If there is a material difference, the "shipped" basis must be used or adjustments made to the data on a "charged" basis to approximate a "shipped" basis. The data should include goods only; they should **exclude** services.

Capital goods — Include capital goods but exclude the value of ships, planes, railroad rolling stock, and trucks that were temporarily outside the United States transporting people or goods.

Consigned goods — Include consigned goods in the trade figures when shipped or received, even though they are not normally recorded as sales or purchases, or entered into intercompany accounts when initially consigned.

In-transit goods — Exclude from exports and imports the value of goods that are in-transit. In-transit goods are goods that are not processed or consumed by residents in the intermediate country(ies) through which they transit; the in-transit goods enter that country(ies) only because that country(ies) is along the shipping lines between the exporting and importing countries. In-transit imports are goods en route from one foreign country to another via the United States (such as from Canada to Mexico via the United States), and in-transit exports are goods en route from one part of the United States to another part via a foreign country (such as from Alaska to Washington State via Canada).

Packaged general use computer software — Include exports and imports of packaged general use computer software. Value such exports and imports at the full transaction value, i.e., the market value of the media on which the software is recorded and the value of the information contained on the media. Do not include exports and imports of customized software designed to meet the needs of a specific user. This type of software is considered a service and should not be included as trade in goods. Also do not include negotiated leasing fees for software that is to be used on networks.

Natural gas, electricity, and water — Report ONLY the product value of natural gas, electricity, and water that you produce or sell at wholesale as exports and imports of goods. DO NOT report the service value (transmission and distribution).

93 On what basis were the trade data in the section prepared? — Mark (X) one.

- 4172 1 "Shipped" basis.
- 2 "Charged" basis without adjustments, because there is no material difference between the "charged" and "shipped" bases.
- 3 "Charged" basis with adjustments to correct for material differences between the "charged" and "shipped" bases.

2011 ANNUAL SURVEY OF U.S. DIRECT INVESTMENT ABROAD FORM BE-11B — ADDITIONAL INSTRUCTIONS BY ITEM

Part IV, Section D — Distribution of Sales or Gross Operating Revenues

76 — 79

Disaggregate the total sales or gross operating revenues into sales of goods, sales of services, and investment income.

77 Sales of goods — Goods are normally economic outputs that are tangible. Report as sales of goods:

- Mass produced media, including exposed film, video tapes, DVDs, audio tapes, and CDs.
- Books. NOTE: Book publishers — To the extent feasible, report as sales of services all revenues associated with the design, editing, and marketing activities necessary for producing and distributing books that you both publish and sell. If you cannot unbundle (i.e., separate) these revenues from the value of the books you sell, then report your total sales as sales of goods or services based on the activity that accounts for a majority of the value.
- Energy trading activities where you take title to the goods. NOTE: If you act in the capacity of a broker or agent to facilitate the sale of goods and you do not take title to the goods, report your revenue (i.e., commissions) as sale of services in **78**.
- Magazines and periodicals sold in retail stores. NOTE: Report subscription sales as sales of services in **78**.
- Packaged general use computer software.
- Structures sold by businesses in real estate.
- Revenues earned from building structures by businesses in construction.
- Electricity, natural gas, and water. NOTE: Revenues derived from transmitting and/or distributing these goods, as opposed to revenues derived from the sale of the actual product, should to the extent feasible, be reported as sales of services in **78**.

78 Sales of services — Services are normally economic outputs that are intangible. Report as sales of services:

- Advertising revenue.
- Commissions and fees earned by companies engaged in finance and real estate activities.
- Mass produced audiovisual media that are delivered electronically, including film, music, manuscripts, or other digital content.

- Premiums earned by companies engaged in insurance activities. NOTE: Calculate as direct premiums written (including renewals) net of cancellations, plus reinsurance premiums assumed, minus reinsurance premiums ceded, plus unearned premiums at the beginning of the year, minus unearned premiums at the end of the year.
- Commissions earned by agents or brokers (i.e., wholesalers) who act on behalf of buyers and sellers in the wholesale distribution of goods. NOTE: Agents or brokers do not take title to the goods being sold.
- Magazines and periodicals sold through subscriptions. NOTE: Report magazines and periodicals sold through retail stores, as sales of goods in **77**.
- Newspapers.
- Pipeline transportation.
- Software downloaded from the Internet, electronic mail, an Extranet, an Electronic Data Interchange network, or some other online system.
- Computer systems design and related services.
- Negotiated licensing fees for software to be used on networks. Licensing fees associated with rights to reproduce or distribute software.
- Electricity transmission and distribution, natural gas distribution, and water distribution.

Report the source of real estate rental income in columns 2 through 7 based on the location of the property.

79 Investment income — Report dividends and interest generated by finance and insurance activities as investment income. NOTE: Report commissions and fees as sales of services in **78**.

Finance or insurance companies that include investment income in gross operating revenues should report the source of such investment income in columns 2 through 7 based on the location of the issuer of the financial instrument whether publicly issued or privately placed. If the location of the issuer is unknown, then substitute the nationality of the issuer. If both the location and nationality of the issuer are unknown, and an intermediary (e.g., trustee, custodian, or nominee) is used to manage the investment (financial instrument or real estate) use the country of location of the intermediary.

Special Instructions for Dealers in Financial Instruments, Finance Companies, Insurance Companies, and Real Estate Companies

A. Certain gains (losses) for (1) dealers in financial instruments and finance and insurance companies, and (2) real estate companies.

1. Dealers in financial instruments (including securities, currencies, derivatives, and other financial instruments) and finance and insurance companies — Include in **45**:

- impairment losses as defined by FASB ASC 320 (FAS 115),
- realized gains and losses on trading or dealing,
- unrealized gains or losses, due to changes in the valuation of financial instruments, that flow through the income statement, and
- goodwill impairment as defined by FASB ASC 350 (FAS 142).

EXCLUDE from **45**, unrealized gains or losses due to changes in the valuation of financial instruments that are taken to other comprehensive income. Reflect such changes in **66** (all other components of accumulated other comprehensive income (loss)).

EXCLUDE from **45**, income from explicit fees and commissions. Include income from these fees and commissions as operating revenue in **28** and **42** and as sales of services in **78**.

2. Real estate companies — Include in **45**:

- impairment losses as defined by FASB ASC 360 (FAS 144), and
- goodwill impairment as defined by FASB ASC 350 (FAS 142).

EXCLUDE the income earned and expenses incurred from the sale of real estate you own. Such income should be reported as operating revenue in **28**, **42**, and **76** and as sales of goods in **77**. Such expenses, including the net book value of the real estate sold, should be reported as cost of goods sold in **48**. Do not net the expenses against the revenues.

B. Special instructions for insurance companies

1. When there is a difference between the financial and operating data reported to the stockholders and the data reported in the annual statement to an insurance department, prepare the BE-11 on the same basis as the annual report to the stockholders.

Valuation should be according to normal commercial accounting procedures, not at rates promulgated by national insurance departments, e.g., include assets not acceptable for inclusion in the annual statement to an insurance department, such as: 1. non-trusteed or free account assets, and 2. nonadmitted assets, including furniture and equipment, agents' debit balances, and all receivables deemed to be collectible. Include mandatory securities valuation reserves that are appropriations of retained earnings in the owners' equity section of the balance sheet, not in the liability section.

2. Instructions for reporting specific items

a. Sales or gross operating revenues, excluding sales taxes (42) — Include items such as earned premiums, annuity considerations, gross investment income, and items of a similar nature. Exclude income from equity investments in unconsolidated business enterprises that is to be reported in **43** and exclude certain gains or losses that are to be reported in **45**.

b. Certain gains (losses) (45) — See **Special Instructions, A.1**.

c. Cost of goods sold or services rendered and selling, general, and administrative expenses (48) — Include costs relating to sales or gross operating revenues, such as policy losses incurred, death benefits, matured endowments, other policy benefits, increases in liabilities for future policy benefits, and other underwriting expenses.

d. Sales of services (78 , column 1) — Include premium income and income from other services, if any. See **Additional Instructions for Part IV, Section D, 78**, above.

e. Investment income (79 , column 1) — Report that portion of sales or gross operating revenues that is investment income. However, report any gains or losses on investments, in accordance with **Special Instructions, A.1**. See **Additional Instructions for Part IV, Section D, 79**, above to determine the location of the transactor of investment income.

Part I — Identification of Minority-Owned Foreign Affiliate — Continued

Ownership interest in this foreign affiliate by the U.S. Reporter named in 1

- Report the percent of voting stock for an incorporated affiliate, or an equivalent interest for an unincorporated affiliate.
- Voting interest is the U.S. Reporter's direct ownership in just the voting equity of the affiliate. Examples of voting equity include voting stock and a general partner's interest in a partnership. Thus, a U.S. Reporter could have a 100 percent direct voting interest in an affiliate but own less than 100 percent of the affiliate's total equity.

Percent of ownership at close of fiscal year 2011

6 What is the direct ownership interest held by the U.S. Reporter named in 1? 1042 2 _____ %

7 What is the indirect ownership interest held through the U.S. Reporter's other foreign affiliates? — See **Instruction Booklet**, Part I.B.1.c., for instructions on how to calculate indirect ownership interest. (If entry is made here, complete 9.) 1020 2 _____ %

8 What is the total ownership interest held by the U.S. Reporter? — Sum of 6 and 7 1050 2 _____ %

9 What is the name of the foreign affiliate parent(s)? — If there is an entry in 7, enter below, the name(s) and percent(s) of ownership of each foreign affiliate of the U.S. Reporter named in 1 holding a direct ownership interest in this foreign affiliate. Also, for each foreign affiliate in column (a) that is below the first tier in its ownership chain, enter in column (c) the name of the foreign affiliate that holds a direct ownership interest in it.

10 What is the MAJOR product or service involved in this activity? If a product, briefly state what is done to it, i.e., whether it is mined, manufactured, sold at wholesale, packaged, transported, etc. (For example, "Manufacture widgets to sell at wholesale.")

1029

11 What is the foreign affiliate's primary industry (ISI) code? — Give the 4-digit ISI code for the industry group that accounts for the largest amount of the affiliate's sales. A list and a full explanation of the ISI codes are given in the **Guide to Industry Classifications for International Surveys, 2007**. A summary list of ISI codes is included at the back of Form BE-11B. For an inactive affiliate, enter an ISI code based on its last active period.

1039 2

Note — To be considered a **holding company** (ISI code 5512), income from equity investments must be more than 50 percent of total income. In addition, normally at least 50 percent of total assets must consist of investments in affiliates. ISI code 5512 (holding company) is an invalid classification if more than 50 percent of income generated, or expected to be generated, by an affiliate is from non-holding company activities.

Part II — Financial and Operating Data of Minority-Owned Foreign Affiliate

Section A — Selected Financial Data

Affiliate ID	
---------------------	--

- Report the data to represent 100 percent of the foreign affiliate, and not just the portion owned by the U.S. Reporter(s).
- Report in **14** gross operating revenues or gross sales minus returns, allowances, and discounts. Exclude sales or consumption taxes levied directly on the consumer. Exclude net value-added and excise taxes levied on manufacturers, wholesalers, and retailers.
 - Finance and leasing companies with ISI codes 5221, 5223, 5224, 5229, 5231, 5238, 5252, or 5331 report interest income on this line.
 - Insurance companies with ISI codes 5243 or 5249 report gross investment income on this line.
- Report in **15** net income (loss) for the year, after provision for foreign income taxes, but before provision for common and preferred dividends. Include income from equity investments and certain gains (losses) (net of income tax effects) included in the determination of net income.
- Dealers in financial instruments and finance, insurance, and real estate companies see **Special Instructions** on page 4.

Section B — Number of Employees and Employee Compensation

- **Report the number of employees** on the payroll at the end of FY 2011 including part-time employees, but excluding temporary and contract employees not included on your payroll records. A count taken at some other date during the reporting period may be given provided it is a reasonable estimate of employees on the payroll at the end of FY 2011. If the number of employees at the end of FY 2011 (or when the count was taken) was unusually high or low due to temporary factors (e.g., a strike), enter the number of employees that reflects normal operations. If the number of employees fluctuates widely during the year due to seasonal business variations, report the average number of employees on the payroll during FY 2011. Base such an average on the number of employees on the payroll at the end of each pay period, month or quarter. If precise figures are not available, give your best estimate.
- **Report employee compensation** expenditures made by an employer in connection with the employment of workers, including cash payments, payments in-kind, and employer expenditures for employee benefit plans including those required by statute. Base compensation data on payroll records. Report compensation which relates to activities that occurred during the reporting period regardless of whether the activities were charged as an expense on the income statement, charged to inventories, or capitalized. DO NOT include data related to activities of a prior period, such as those capitalized or charged to inventories in prior periods. DO NOT include compensation of contract workers not carried on the payroll of this affiliate. Total employee compensation consists of **wages and salaries** of employees and employer expenditures for all **employee benefit plans**.
 - **Wages and salaries** include gross earnings of all employees before deduction of employees' payroll withholding taxes, social insurance contributions, group insurance premiums, union dues, etc. Include time and piece-rate payments, cost of living adjustments, overtime pay and shift differentials, bonuses, profit-sharing amounts, stock-based compensation, and commissions. Exclude commissions paid to independent personnel who are not employees. Include direct payments by employers for vacations, sick leave, severance (redundancy) pay, etc. Exclude payments made by, or on behalf of, benefit funds rather than by the employer. Include employer contributions to benefit funds. Include in-kind payments, valued at their costs, that are clearly and primarily of benefit to the employees as consumers. Do not include expenditures that benefit employers as well as employees, such as expenditures for plant facilities, employee training programs, and reimbursement of business expenses.
 - **Employee benefit plans** include employer expenditures for all employee benefit plans including those mandated by government statute, those resulting from collective bargaining contracts and those that are voluntary. Include Social Security and other retirement plans, life and disability insurance, guaranteed sick pay programs, workers' compensation insurance, medical insurance, family allowances, unemployment insurance, severance pay funds, etc. Also, include deferred post-employment and post-retirement expenses per FASB ASC 715 (FAS 106). If plans are financed jointly by the employer and the employee, include only the contributions of the employer.

Part III — U.S. Exports To and U.S. Imports From Minority-Owned Foreign Affiliate

Goods only valued f.a.s. at port of exportation; do not include services — See *Instruction Booklet, Part V.*

IMPORTANT NOTES

Report U.S. exports of goods to and U.S. imports of goods from the foreign affiliate in FY 2011. Report all goods that physically left or entered the U.S. customs area. Report data on a "shipped" basis, i.e., on the basis of when and to (or by) whom the goods were shipped. This is the same basis as official U.S. trade statistics to which these data will be compared. Do **not** record a U.S. import or export if the goods did not physically enter or leave (i.e., were not physically shipped to or from) the United States, even if they were charged to the foreign affiliate by, or charged by the foreign affiliate to, a U.S. person.

Foreign affiliates normally keep their accounting records on a "charged" basis, i.e., on the basis of when and to (or by) whom the goods were charged. The "charged" basis may be used if there is no material difference between it and the "shipped" basis. If there is a material difference, the "shipped" basis must be used or adjustments made to the data on a "charged" basis to approximate a "shipped" basis. The data should include goods only; they should **exclude** services.

Capital goods — Include capital goods but exclude the value of ships, planes, railroad rolling stock, and trucks that were temporarily outside the United States transporting people or goods.

Consigned goods — Include consigned goods in the trade figures when shipped or received, even though they are not normally recorded as sales or purchases, or entered into intercompany accounts when initially consigned.

In-transit goods — Exclude from exports and imports the value of goods that are in-transit. In-transit goods are goods that are not processed or consumed by residents in the intermediate country(ies) through which they transit; the in-transit goods enter that country(ies) only because that country(ies) is along the shipping lines between the exporting and importing countries. In-transit imports are goods en route from one foreign country to another via the United States (such as from Canada to Mexico via the United States), and in-transit exports are goods en route from one part of the United States to another part via a foreign country (such as from Alaska to Washington State via Canada).

Packaged general use computer software — Include exports and imports of packaged general use computer software. Value such exports and imports at the full transaction value, i.e., the market value of the media on which the software is recorded and the value of the information contained on the media. Do not include exports and imports of customized software designed to meet the needs of a specific user. This type of software is considered a service and should not be included as trade in goods. Also do not include negotiated leasing fees for software that is to be used on networks.

Natural gas, electricity, and water — Report ONLY the product value of natural gas, electricity, and water that you produce or sell at wholesale as exports and imports of goods. DO NOT report the service value (transmission and distribution).

SPECIAL INSTRUCTIONS FOR DEALERS IN FINANCIAL INSTRUMENTS, FINANCE COMPANIES, INSURANCE COMPANIES, AND REAL ESTATE COMPANIES

A. Certain gains (losses) for (1) dealers in financial instruments and finance and insurance companies, and (2) real estate companies.

1. Dealers in financial instruments (including securities, currencies, derivatives, and other financial instruments) and finance and insurance companies — Include in the calculation of net income in **15**:

- impairment losses as defined by FASB ASC 320 (FAS 115),
- realized gains and losses on trading or dealing,
- unrealized gains or losses, due to changes in the valuation of financial instruments, that flow through the income statement, and
- goodwill impairment as defined by FASB ASC 350 (FAS 142).

EXCLUDE from **14** and **15**, unrealized gains or losses due to changes in the valuation of financial instruments that are taken to other comprehensive income.

Include income from explicit fees and commissions as operating revenue in **14**.

2. Real estate companies — Include in **15**:

- impairment losses as defined by FASB ASC 360 (FAS 144), and
- goodwill impairment as defined by FASB ASC 350 (FAS 142).

Include income earned from the sale of real estate you own as operating revenue in **14**.

B. Special instructions for insurance companies

1. When there is a difference between the financial and operating data reported to the stockholders and the data reported in the annual statement to an insurance department, prepare the BE-11 on the same basis as the annual report to the stockholders. Valuation should be according to normal commercial accounting procedures, not at rates promulgated by national insurance departments, e.g., include assets not acceptable for inclusion in the annual statement to an insurance department, such as: 1. non-trusted or free account assets, and 2. nonadmitted assets, including furniture and equipment, agents' debit balances, and all receivables deemed to be collectible. Include mandatory securities valuation reserves that are appropriations of retained earnings in the owners' equity section of the balance sheet, not in the liability section.

2. Do not include assets of the U.S. Reporter held in the country of location of the affiliate that are for the benefit of the U.S. Reporter's policyholders in the data reported for the affiliate.

3. Instructions for reporting specific items

Sales or gross operating revenues, excluding sales taxes — Include in **14** items such as earned premiums, annuity considerations, gross investment income, and items of a similar nature.

IMPORTANT

Instruction Booklet — Contains additional instructions, definitions, and detailed reporting requirements for completing this form.

Who must report — The U.S. Reporter must report each foreign affiliate **established or acquired in fiscal year 2011** for which total assets; sales or gross operating revenues, excluding sales taxes; **or** net income after provision for foreign income taxes was greater than \$25 million (positive or negative), but for which no one of these items was greater than \$60 million (positive or negative) at the end of, or for, the affiliate's 2011 fiscal year.

Due Date — A complete BE-11 report is due May 31, 2012.

Foreign affiliate's 2011 fiscal year — The foreign affiliate's financial reporting year that has an ending date in calendar year 2011. See **Instruction Booklet, Part II.A.**

Example — If the financial reporting year ended on March 31, report for the 12-month period ended March 31, **2011**.

Translation of foreign currency financial and operating data into U.S. dollars — Use U.S. Generally Accepted Accounting Principles FASB ASC 830 (FAS 52). See **Instruction Booklet, Part IV.B.**

\$ Bil. Mil. Thous. Dols.

Monetary Values — Report in U.S. dollars rounded to thousands (omitting 000).

EXAMPLE — If amount is \$1,334,891.00, report as

1 335 000

If an item is between + or - \$500.00, enter "0." Use parenthesis () to indicate negative numbers.

Percentages — Report ownership percentages to a tenth of one percent:

9 8 . 7 %

BEA USE ONLY	1000 1	2	3
--------------------	--------	---	---

Instructions for Listing starting on page 3.

Country of location — If the affiliate is engaged in petroleum shipping, other water transportation, or oil and gas drilling, and has operations spanning more than one country, use country of incorporation for country of location. For example, classify in country of incorporation an oil drilling rig that moves from country to country during the year.

Primary industry code (based on sales or gross operating revenues) — Provide the 4-digit ISI code in the industry group that accounts for the largest amount of the affiliate's sales. A list and a full explanation of the ISI codes are given in the **Guide to Industry Classifications for International Surveys, 2007**. A summary list of ISI codes is included at the back of Form BE-11B. To be considered a holding company (ISI code 5512), income from equity investments must be more than 50 percent of total income.

Number of employees — Employees on the payroll at the end of FY 2011 including part-time employees, but excluding temporary and contract employees not included on your payroll records. A count taken at some other date during the reporting period may be given provided it is a reasonable estimate of employees on the payroll at the end of FY 2011. If the number of employees at the end of FY 2011 (or when the count was taken) was unusually high or low due to temporary factors (e.g., a strike), enter the number of employees that reflects normal operations. If the number of employees fluctuates widely during the year due to seasonal business variations, report the average number of employees on the payroll during FY 2011. Base such an average on the number of employees on the payroll at the end of each pay period, month or quarter. If precise figures are not available, give your best estimate.

U.S. Reporter's Percentage of Ownership in the Foreign Affiliate: Calculation of ownership percentage — A U.S. Reporter's ownership interest in a foreign business enterprise may be directly held, indirectly held, or both. It is directly held if the U.S. Reporter itself holds the ownership interest in the foreign business enterprise.

It is indirectly held if the U.S. Reporter holds an ownership interest in another foreign business enterprise that, in turn, owns the given foreign business enterprise. The U.S. Reporter must sum all direct and indirect lines of ownership interest in the foreign business enterprise to determine its ownership interest. Note — An associated group is deemed to be one U.S. Reporter. See **Instruction Booklet, Part II.C**.

A U.S. Reporter's percentage of indirect ownership interest in a given foreign business enterprise is the product of the direct ownership percentage that the U.S. Reporter has in the first foreign business enterprise in the ownership chain, multiplied by that first enterprise's direct ownership percentage in the second enterprise in the chain, multiplied by the direct ownership percentages for all other intervening enterprises in the ownership chain, multiplied by the last intervening enterprise's direct ownership percentage in the given foreign business enterprise.

Sales or Gross Operating Revenues of Foreign Affiliate — Report gross operating revenues or gross sales minus returns, allowances, and discounts. Exclude sales or consumption taxes levied directly on the consumer. Exclude net value-added and excise taxes levied on manufacturers, wholesalers, and retailers.

Finance and leasing companies with ISI codes 5221, 5223, 5224, 5229, 5231, 5238, 5252, or 5331 report interest income. Insurance companies with ISI codes 5243 or 5249 report gross investment income. *Dealers in financial instruments and finance, insurance, and real estate companies see **Special Instructions** below.*

Holding companies (ISI code 5512) must show total income. ISI code 5512 (holding company), is an invalid primary industry code if more than 50 percent of income generated, or expected to be generated, by the affiliate is from non-holding company activities.

SPECIAL INSTRUCTIONS FOR DEALERS IN FINANCIAL INSTRUMENTS, FINANCE COMPANIES, INSURANCE COMPANIES, AND REAL ESTATE COMPANIES

A. Dealers in financial instruments (including securities, currencies, derivatives, and other financial instruments) and finance and insurance companies —

Sales or gross operating revenues:

INCLUDE income from explicit fees and commissions.

EXCLUDE

- Impairment losses as defined by FASB ASC 320 (FAS 115),
- Realized gains and losses on trading or dealing,
- Unrealized gains or losses, due to changes in the valuation of financial instruments, that flow through the income statement or are taken to other comprehensive income, and
- Goodwill impairment as defined by FASB ASC 350 (FAS 142).

B. Real estate companies —

Sales or gross operating revenues:

INCLUDE the revenues earned from the sale of real estate you own. Do not net the expenses against the revenues.

EXCLUDE

- Impairment losses as defined by FASB ASC 360 (FAS 144), and
- Goodwill impairment as defined by FASB ASC 350 (FAS 142).

C. Insurance companies —

Assets:

1. When there is a difference between the financial and operating data reported to the stockholders and the data reported in the annual statement to an insurance department, prepare the BE-11 on the same basis as the annual report to the stockholders.

Valuation should be according to normal commercial accounting procedures, not at rates promulgated by national insurance departments, e.g., include assets not acceptable for inclusion in the annual statement to an insurance department, such as: 1. non-trusted or free account assets, and 2. nonadmitted assets, including furniture and equipment, agents' debit balances, and all receivables deemed to be collectible.

2. Do not include assets of the U.S. Reporter held in the country of location of the affiliate and that are for the benefit of the U.S. Reporter's policyholders in the data reported for the affiliate.

Sales or gross operating revenues:

INCLUDE items such as earned premiums, annuity considerations, gross investment income, and items of a similar nature.

EXCLUDE

- Income from equity investments in unconsolidated business enterprises, and
- Certain gains (losses).

2011 ANNUAL SURVEY OF U.S. DIRECT INVESTMENT ABROAD INSTRUCTIONS

The Annual Survey of U.S. Direct Investment Abroad is conducted to secure current economic data on the operations of U.S. parent companies and their foreign affiliates. Reports filed in this survey should be consistent with those filed in the 2010 BE-11 Annual Survey of U.S. Direct Investment Abroad in regard to concepts and definitions, accounting methods, affiliate and reporter consolidations, etc. However, filing this report is not contingent upon having filed a 2010 BE-11.

Electronic filing option (eFile) – Forms that can be transmitted to BEA electronically will be available on the BEA Web site: www.bea.gov/efile. If you eFile, please do not submit paper reports.

I. REPORTING REQUIREMENTS

Section 806.4 of 15 CFR, Chapter VIII, requires that all persons subject to the reporting requirements of the BE-11 survey respond, whether or not they are contacted by BEA. It also requires that a person, or their agent, who is contacted by BEA about reporting in this survey, either by sending them report forms or by written inquiry, must respond in writing. They may respond by submitting by May 31, 2012: **1)** a completed "BE-11 Claim for Not Filing" or certifying in writing that they had no direct investment within the purview of the reporting requirements of the BE-11 survey; or **2)** a properly completed BE-11 report, as required.

Penalties – Whoever fails to report shall be subject to a civil penalty of not less than \$2,500, and not more than \$25,000, and to injunctive relief commanding such person to comply, or both. Whoever willfully fails to report shall be fined not more than \$10,000 and, if an individual, may be imprisoned for not more than one year, or both. Any officer, director, employee, or agent of any corporation who knowingly participates in such violations, upon conviction, may be punished by a like fine, imprisonment or both (22 U.S.C. 3105). These civil penalties are subject to inflationary adjustments. Those adjustments are found in 15 CFR 6.4.

Notwithstanding any other provision of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number. The control number for this survey, 0608-0053, appears at the top of each form.

Forms comprising a BE-11 report are:

- **Form BE-11A** – Report for U.S. Reporter;
- **Form BE-11B** – Report for each majority-owned foreign affiliate of U.S. Reporter with assets, sales, or net income greater than \$60 million (positive or negative);
- **Form BE-11C** – Report for each minority-owned foreign affiliate of U.S. Reporter with assets, sales, or net income greater than \$60 million (positive or negative);
- **Form BE-11D** – Report for foreign affiliate(s) established or acquired by the U.S. Reporter with assets, sales, or net income greater than \$25 million, but not greater than \$60 million (positive or negative);
- **Form BE-11E** – Report for each foreign affiliate of U.S. Reporter that is **selected by BEA** to file the BE-11E form in lieu of the BE-11B.
- **BE-11 Claim for Not Filing**

See I.B.2.e. and I.C. for an exception to this filing requirement.

For definition of terms, see Section II of these instructions.

A. Who must report – A BE-11 report is required of any U.S. person that had a foreign affiliate at the end of the U.S. person's 2011 fiscal year that is not exempt as detailed in I.C.

B. Forms for U.S. Reporter and foreign affiliates

1. Form BE-11A – Report for U.S. Reporter

a. Basic requirements – If the U.S. Reporter is a corporation, Form BE-11A must cover the fully consolidated U.S. domestic business enterprise (banking and nonbanking). See I.B.1.b for the definition of "fully consolidated U.S. domestic business enterprise."

The U.S. Reporter must file a **complete** Form BE-11A if **any one** of the following three items of the fully consolidated U.S. **domestic** business enterprise was greater than \$300 million (positive or negative) at the end of, or for, the Reporter's 2011 fiscal year:

- (1) total assets,
- (2) sales or gross operating revenues excluding sales taxes, or
- (3) net income after provision for U.S. income taxes.

The U.S. Reporter must complete only items 1 through 26 and items 52 through 54 of Form BE-11A if **no one** of the three items listed above for the fully consolidated U.S. **domestic** business enterprise was greater than \$300 million (positive or negative) at the end of, or for, the Reporter's 2011 fiscal year.

The U.S. Reporter, whether filing a complete or partial BE-11A, must also complete a Form BE-11B, BE-11C, BE-11D, or BE-11E, as appropriate, for **each** nonexempt foreign affiliate. See I.B.2 and I.C.

b. Definition of "fully consolidated U.S. domestic business enterprise" – The fully consolidated U.S. domestic business enterprise is defined as: **1)** the U.S. business enterprise whose voting securities are not owned more than 50 percent by another U.S. business enterprise, and **2)** proceeding down each ownership chain from that U.S. business enterprise, any U.S. business enterprise (including Foreign Sales Corporations located in the United States) whose voting securities are more than 50 percent owned by the U.S. business enterprise above it. **This consolidation excludes foreign branches and all other foreign affiliates.**

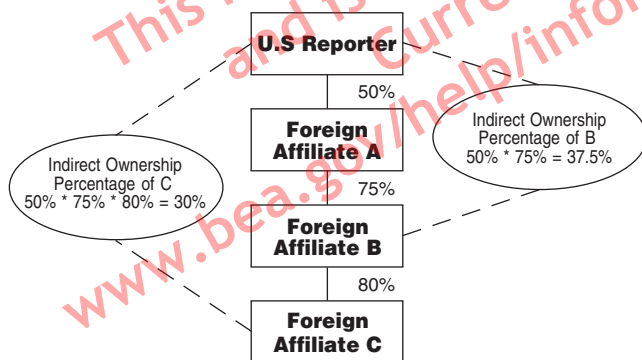

Conditions may exist that cause a U.S. parent company to exclude a domestic subsidiary from its consolidation. If a U.S. Reporter cannot consolidate all of its domestic subsidiaries in its Form BE-11A, **it must request and be granted** written permission from BEA to file on an unconsolidated basis prior to filing the report. The U.S. parent is responsible for ensuring that the required Form BE-11A and related Forms BE-11B, BE-11C, BE-11D, and BE-11E, for itself and any unconsolidated domestic subsidiaries are filed with BEA. The filing deadline for an unconsolidated domestic subsidiary is the same as that for its U.S. parent.

c. Calculation of ownership percentage – A U.S. Reporter's ownership interest in a foreign business enterprise may be directly held, indirectly held, or both. It is directly held if the U.S. Reporter itself holds the ownership interest in a foreign business enterprise.

It is indirectly held if, for example, the U.S. Reporter holds an ownership interest in another foreign business enterprise that, in turn, owns the given foreign business enterprise. The U.S. Reporter must sum all direct and indirect lines of ownership interest in the foreign business enterprise to determine whether it holds a foreign business enterprise to the extent of 10 percent or more, directly or indirectly.

Note – An associated group is deemed to be one U.S. Reporter. See II.C. for the definition of an associated group.

A U.S. Reporter's percentage of indirect ownership interest in a given foreign business enterprise is the product of the direct ownership percentage that the U.S. Reporter has in the first foreign business enterprise in the ownership chain, multiplied by that first enterprise's direct ownership percentage in the second enterprise in the chain, multiplied by the direct ownership percentages for all other intervening enterprises in the ownership chain, multiplied by the last intervening enterprise's direct ownership percentage in the given foreign business enterprise. To illustrate, assume the U.S. Reporter owned 50 percent of foreign business enterprise A directly, and that A owned 75 percent of foreign business enterprise B which, in turn, owned 80 percent of foreign business enterprise C. Then the U.S. Reporter's percentage of indirect ownership of B would be 37.5 percent (the product of the first two percentages), its indirect ownership of C would be 30 percent (the product of all three percentages), and B and C (as well as A) would be considered foreign affiliates of the U.S. Reporter.

d. Other requirements for filing Form BE-11A

(1) Foreign affiliate is owned by only part of the fully consolidated U.S. domestic business enterprise – The U.S. Reporter is deemed to be the fully consolidated U.S. domestic business enterprise even if only one entity in the consolidated U.S. enterprise directly owns the foreign affiliate.

(2) U.S. Reporter that is an individual, estate, trust, or nonprofit organization – A U.S. Reporter that is an individual, estate, trust, or religious, charitable, or other nonprofit organization, and that owns a foreign affiliate directly, rather than through a U.S. business enterprise, should complete only items 1 and 4 of Form BE-11A and attach an explanatory note attesting to its status. Required Forms BE-11B, BE-11C, BE-11D, and BE-11E must be filed as appropriate.

(3) U.S. business enterprise owned by an individual, estate, trust, or nonprofit organization – If a U.S. individual, estate, trust, or nonprofit organization owns more than 50 percent of a U.S. business enterprise that, in turn, owns a foreign affiliate, then the U.S. Reporter is deemed to be the U.S. business enterprise, not the individual, etc. The BE-11 report should be filed by, and Form BE-11A should be for, the U.S. business enterprise, not the individual, etc. However, direct financial transactions or positions, if any, by the individual, etc., with the foreign affiliate must be included in the business enterprise's report.

(4) U.S. Reporter owned by a foreign person (See II.J) – A U.S. Reporter that is a U.S. affiliate of a foreign person and that is filing a 2011 BE-15A, Annual Survey of Foreign Direct Investment in the United States should only complete items 1–7, 30–33, 46, and 47. If the U.S. Reporter is filing a BE-15B, or BE-15(EZ), in lieu of the BE-15A, it should complete the entire Form BE-11A. See also III.B.

(5) Joint ownership of foreign affiliate – If two or more U.S. Reporters jointly own, directly or indirectly, a foreign affiliate, each U.S. Reporter must file a Form BE-11A.

2. Forms BE-11B, BE-11C, and BE-11D – Report for foreign affiliates. The coverage of the forms is summarized in the chart below.

Ownership	MAJORITY-OWNED FOREIGN AFFILIATE	MINORITY-OWNED FOREIGN AFFILIATE
U.S. Dollar Amount	> 50%	≥ 10 and ≤ 50%
At least one of the three items* is greater than \$300 million (+ or -).	BE-11B, except Part III	BE-11C
At least one of the three items* is greater than \$60 million (+ or -), but no one is greater than \$300 million (+ or -).	BE-11B, except Part IV	
Foreign affiliate established or acquired during fiscal year 2011 and at least one of the three items* is greater than \$25 million (+ or -) but no one item is greater than \$60 million (+ or -).	BE-11D	

* Total assets, sales or gross operating revenues excluding sales taxes, and net income (loss), after provision for foreign income taxes.

Exception – A Form BE-11B, BE-11C, or BE-11E must be filed for a foreign affiliate of the U.S. Reporter that owns another non-exempt foreign affiliate of that U.S. Reporter, even if the foreign affiliate parent is otherwise exempt.

Note – Unless otherwise stated, whenever reference is made to the financial or operating data of a foreign affiliate, such as assets, sales, or net income, the data are to represent 100 percent of the foreign affiliate's operations and not just a portion, if less than 100 percent, owned by the U.S. Reporter(s). Also, include equity investment in unconsolidated foreign affiliates and do not eliminate an affiliate's receivables due from its parent or from other affiliated persons from the affiliate's total assets when applying the exemption criteria for this report.

a. Basic requirement for Form BE-11B – A BE-11B must be filed for each majority-owned foreign affiliate, whether held directly or indirectly, for which any one of the following three items was greater than \$60 million (positive or negative) at the end of, or for, the affiliate's 2011 fiscal year:

- (1) total assets,
- (2) sales or gross operating revenues excluding sales taxes, or
- (3) net income (loss) after provision for foreign income taxes.

Additional items would be filed for affiliates with assets, sales, or net income greater than \$300 million, positive or negative.

b. Basic requirement for Form BE-11C – A BE-11C must be filed for each minority-owned foreign affiliate owned directly or indirectly, at least 10 percent, but not more than 50 percent, by all U.S. Reporters of the affiliate combined, for which **any one** of the three items listed in I.B.2.a. above was greater than \$60 million (positive or negative), at the end of, or for, the affiliate's 2011 fiscal year.

c. Basic requirement for Form BE-11D – A BE-11D must be filed for foreign affiliates of the U.S. Reporter, established or acquired in 2011, whether held directly or indirectly, for which **any one** of the three items listed in I.B.2.a. above was greater than \$25 million (positive or negative) but for which no one of these items was greater than \$60 million (positive or negative) at the end of, or for, the affiliate's 2011 fiscal year.

d. Basic requirement for Form BE-11E – A BE-11E may be filed by the U.S. Reporter, in lieu of filing Form BE-11B, for foreign affiliates **selected by BEA**.

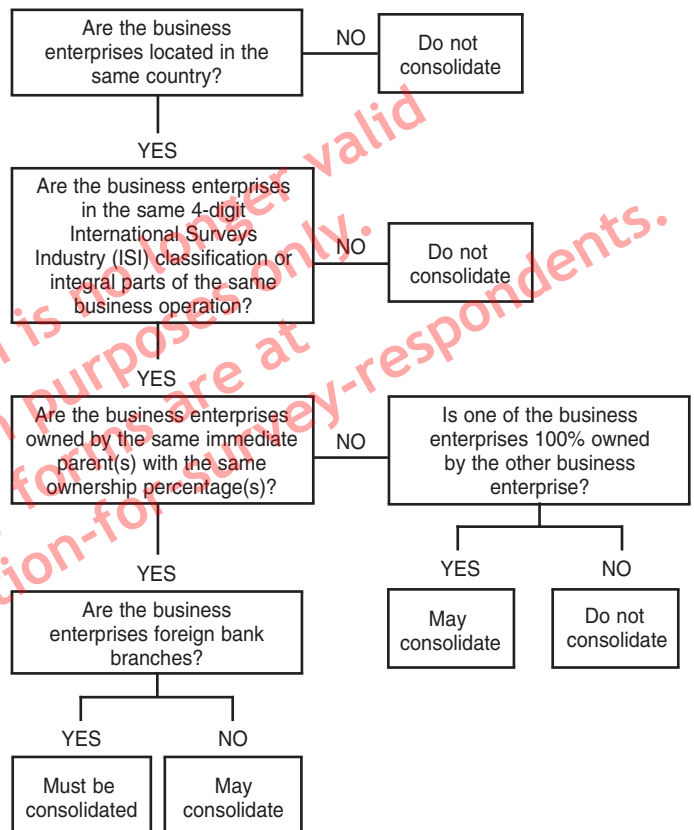

e. Exception to the basic requirement – A BE-11B, BE-11C, or BE-11E must be filed for a foreign affiliate of the U.S. Reporter that owns another non-exempt foreign affiliate of that U.S. Reporter, even if the foreign affiliate parent is otherwise exempt.

f. Other requirements for filing Forms BE-11B, BE-11C, BE-11D, and BE-11E –

(1) Rules for consolidation of foreign affiliate –

A U.S. Reporter who participates in BEA's BE-577 Quarterly Survey of U.S. Direct Investment Abroad, Direct Transactions of a U.S. Reporter with Foreign Affiliate, should consolidate foreign business enterprises on Forms BE-11B, BE-11C, BE-11D, and BE-11E in the same manner as on Form BE-577.

The following rules should be used in determining which foreign business enterprises may be consolidated into one foreign affiliate form:

Note – Foreign business enterprises that have an equity investment in an unconsolidated business enterprise should report that investment using the equity method of accounting. See also IV.C.

(2) Reporting of foreign affiliates owned by more than one U.S. Reporter – If the foreign affiliate is owned directly and/or indirectly by more than one U.S. Reporter, the U.S. Reporter with the highest percentage of ownership in the foreign affiliate (direct and indirect combined) must file a **complete** Form BE-11B or BE-11E on which all Parts have been completed. The other U.S. Reporter(s) with total direct and indirect ownership of 10 percent or more must file a **partial**.

If no one of the U.S. Reporters owns a greater share of the foreign affiliate than the other U.S. Reporter(s), then the U.S. Reporters must decide which one will file the complete Form BE-11B or BE-11E and which one(s) will file a partial Form BE-11B or BE-11E.

A partial form consists of:

- BE-11B Part I, items 1–17 and Part V, or
- BE-11E Part I, items 1–9 and specify the name of the **complete** reporter.

The U.S. Reporter filing a **complete** BE-11B for a foreign affiliate owned by more than one U.S. Reporter should note that data must be reported by transactor. If the U.S. Reporter filing the complete BE-11B cannot, or prefers not to, obtain from the affiliate data about the other U.S. Reporter(s) of the affiliate, then each U.S. Reporter is required to report its own data. For example, each U.S. Reporter would need to complete:

- BE-11B Part III, Section B, Part IV, Section E and Part V, and,
- The U.S. Reporter filing the complete BE-11B or BE-11E must attach a note to the form stating it is not reporting data for the other U.S. Reporter(s) and the U.S. Reporter must inform the other U.S. Reporter(s) of this fact.

If two or more Reporters jointly own a foreign affiliate that is required to be reported on Form BE-11C, only the U.S. Reporter having the highest percentage ownership (direct and indirect combined) in the foreign affiliate must file the form.

(3) Reporting when there is more than one foreign affiliate in a chain of ownership – A Form BE-11B, BE-11C, or BE-11E must be filed for a foreign affiliate of the U.S. Reporter that owns another nonexempt foreign affiliate of that U.S. Reporter, even if the foreign affiliate parent is otherwise exempt, i.e., a Form BE-11B, BE-11C or BE-11E must be filed for all affiliates upward in a chain of ownership.

(4) Relationship between Form BE-11A and Forms BE-11B, BE-11C, BE-11D, and BE-11E – The term "U.S. Reporter" is defined to mean the fully consolidated U.S. domestic business enterprise; therefore, on Forms BE-11B, BE-11C, BE-11D, and BE-11E, when data on trade and financial relationships between the U.S. Reporter and the foreign affiliate are requested, the data must reflect the foreign affiliate's relationship with the entire U.S. enterprise, not merely with one division, operating unit, or part.

C. Exempt affiliates – A foreign affiliate is exempt from being reported if none of its exemption level items exceeds \$60 million (positive or negative) and it is not required to be filed on Form BE-11D. See I.B.2.c.

However, a form BE-11B, BE-11C, or BE-11E must be filed for a foreign affiliate of the U.S. Reporter that owns another nonexempt foreign affiliate of that U.S. Reporter, even if the foreign affiliate parent is otherwise exempt. That is, all affiliates upward in the chain of ownership must be reported.

An affiliate's receivable due from its parent or from other affiliated persons should not be eliminated from total assets when applying the exemption criteria for preparing this report.

If you filed a form for an affiliate in 2010 that is exempt in 2011 and for which you received a pre-printed form, submit the report, and enter the amounts for the three exemption level items and the ownership percentages at the close of fiscal year 2011. If **all** of your affiliates are exempt in 2011, submit a "Claim for Not Filing."

II. DEFINITIONS

A. 2011 fiscal year is the U.S. Reporter's or the foreign affiliate's financial reporting year that has an ending date in calendar year 2011. U.S. Reporters or affiliates having a "52/53 week" fiscal year that ended within the first week of January 2012, are considered to have a 2011 fiscal year for purposes of filing this survey, and should report December 31, 2011 as their 2011 fiscal year end. A business enterprise that does not have a financial reporting year, or does not have a financial reporting year *ending* in calendar year 2011, is deemed to have a fiscal year identical to calendar year 2011.

Change in fiscal year

1. New fiscal year ends in calendar year 2011 – A U.S. Reporter that changed the ending date of its financial reporting year should file a 2011 BE-11 report that covers the 12 month period prior to the new fiscal year end date. The following example illustrates the reporting requirements.

Example 1: The U.S. Reporter had a June 30, 2010 fiscal year end date but changed its 2011 fiscal year end date to March 31. The U.S. Reporter should file a 2011 BE-11 report covering the 12 month period from April 1, 2010 to March 31, 2011.

The ending balance sheet amounts reported must be the correct balances as of March 31, 2011.

2. No fiscal year ending in calendar year 2011 – If a change in fiscal year results in the U.S. Reporter not having a fiscal year that ended in calendar year 2011, the U.S. Reporter **should file a 2011 BE-11 report that covers 12 months.** The following example illustrates the reporting requirements.

Example 2: The U.S. Reporter had a December 31, 2010 fiscal year end date but changed its next fiscal year end date to March 31. Instead of having a short fiscal year ending in 2011, the U.S. Reporter decides to have a 15 month fiscal year running from January 1, 2011 to March 31, 2012. The U.S. Reporter should file a 2011 BE-11 report covering a 12 month period ending in calendar year 2011, such as the period from April 1, 2010 to March 31, 2011.

In this example, the ending balance sheet amounts reported must be the correct balances as of March 31, 2011.

For 2012, assuming no further changes in the fiscal year end date occur, the U.S. Reporter should file a BE-11 report covering the 12 month period from April 1, 2011 to March 31, 2012.

B. Affiliate means a business enterprise located in one country which is directly or indirectly owned or controlled by a person of another country to the extent of 10 percent or more of its voting stock for an incorporated business or an equivalent interest for an unincorporated business, including a branch.

C. Associated group means two or more persons who, by the appearance of their actions, by agreement, or by an understanding, exercise their voting privileges in a concerted manner to influence the management of a business enterprise. Each of the following are deemed to be associated groups:

1. members of the same family,
2. a business enterprise and one or more of its officers or directors,
3. members of a syndicate or joint venture, or
4. a corporation and its domestic subsidiaries.

D. Banking covers business enterprises engaged in deposit banking or closely related functions, including commercial banks, Edge Act corporations engaged in international or foreign banking, foreign branches and agencies of U.S. banks whether or not they accept deposits abroad, savings and loans, savings banks, bank holding companies, and financial holding companies under the Gramm-Leach-Bliley Act.

Banks located on U.S. Military bases abroad servicing base personnel are not considered "foreign" and should not be reported on Form BE-11B, BE-11C, BE-11D, or BE-11E.

Activities of subsidiaries of a bank or bank holding company that may not be banks but provide support to the bank parent company, such as real estate subsidiaries set up to hold the office buildings occupied by the bank parent company, are considered bank activities.

E. Branch means the operations or activities conducted by a person in a different location in its own name rather than through an incorporated entity.

F. Business enterprise means any organization, association, branch, or venture which exists for profit-making purposes or to otherwise secure economic advantage, and any ownership of any real estate.

G. Foreign, when used in a geographic sense, means that which is situated outside the United States or which belongs to or is characteristic of a country other than the United States.

H. Foreign affiliate means an affiliate located outside the United States in which a U.S. person has direct investment. *See II.R.*

I. Foreign affiliate parent means a U.S. Reporter's foreign affiliate which has an equity interest in another foreign affiliate of the U.S. Reporter.

J. Foreign person (*See II.Q.*) means any person resident outside the United States or subject to the jurisdiction of a country other than the United States. *See III.D.*

K. Fully consolidated U.S. domestic business enterprise means:

1. the U.S. corporation whose voting securities are not owned more than 50 percent by another U.S. corporation, and
2. proceeding down each ownership chain from that U.S. corporation, any U.S. corporation (including Foreign Sales Corporations located in the United States) whose voting securities are more than 50 percent owned by the U.S. corporation above it. This consolidation excludes foreign branches and all other foreign affiliates.

Note – A U.S. Reporter that is not a bank but owns a majority interest in a U.S. bank must consolidate its banking activities when filing its Form BE-11A.

L. Intercompany means between a U.S. Reporter and its foreign affiliates.

M. Intermediary means an agent, nominee, manager, custodian, trust, or any person acting in a similar capacity.

N. Lease is an arrangement conveying the right to use property, plant, or equipment (i.e., land and/or depreciable assets), usually for a stated period of time.

1. Capital lease – A long-term lease under which a sale of the asset is recognized at the inception of the lease. These may be shown as lease contracts or accounts receivable on the lessor's books. The assets would not be considered to be owned by the lessor.

2. Operating lease – Generally, a lease with a term which is less than the useful life of the asset and in which a transfer of ownership is not contemplated.

O. Majority-owned foreign affiliate means a foreign affiliate in which the combined direct and indirect ownership interest of ALL U.S. REPORTERS of the affiliate exceeds 50 percent.

P. Minority-owned foreign affiliate means a foreign affiliate in which the combined direct and indirect ownership interest of at least one U.S. Reporter is 10 percent or more, but the combined direct and indirect ownership interests of all U.S. Reporters of the affiliate is 50 percent or less.

Q. Person (as the term is used in the broad legal sense) means any individual, branch, partnership, associated group, association, estate, trust, corporation, or other organization (whether or not organized under the laws of any state), and any government (including a foreign government, the United States Government, a state or local government, and any agency, corporation, financial institution, or other entity or instrumentality thereof, including a government-sponsored agency).

R. U.S. direct investment abroad means the ownership or control, **directly or indirectly**, by one U.S. person of 10 percent or more of the voting securities of an incorporated foreign business enterprise or an equivalent interest in an unincorporated foreign business enterprise, including a branch.

S. U.S. person means any person resident in the United States or subject to the jurisdiction of the United States. *See III.D.*

T. U.S. Reporter means the U.S. person that has direct investment in a foreign business enterprise, including a branch. If the U.S. person is an incorporated business enterprise, the U.S. Reporter is the fully consolidated U.S. domestic enterprise. *See II.K.*

U. United States, when used in a geographic sense, means the several states, the District of Columbia, the Commonwealth of Puerto Rico, and all territories and possessions of the United States.

III. CLARIFICATION OF COVERAGE

A. Determining existence of a foreign affiliate – In general, a U.S. person's foreign operation or activity is considered a foreign affiliate if it is legally or functionally separable from the domestic operations or activities of the U.S. person. In most cases, it is clear whether the foreign operation or activity constitutes an affiliate. For example, if the operation or activity is incorporated abroad – as most are – it is always considered a foreign affiliate. Even if it is unincorporated, the foreign operation or activity is usually legally or functionally separable from the U.S. person's domestic operations or activities. In cases where it is not clearly separable, the determination of whether the operation or activity constitutes a foreign affiliate is made on a case-by-case basis, depending on the weight of the evidence.

The following characteristics would indicate that an operation or activity **is** a foreign affiliate:

1. it pays foreign income taxes,
2. it has a substantial physical presence abroad, as evidenced by plant and equipment, or employees permanently located abroad,
3. it has separate financial records that would allow preparation of financial statements, including a balance sheet and income statement. (A mere record of disbursements to, or receipts from, the foreign operation or activity would not constitute a "financial statement" for this purpose.), or
4. it takes title to the goods it sells and receives revenues from the sale, or it receives funds from customers for its own account for services it performs.

The following characteristics would indicate that an operation or activity is probably **not** a foreign affiliate:

1. it engages only in sales promotion or public relations activities on behalf of the U.S. person,
2. it conducts business abroad only for the U.S. person's account, not for its own account,
3. it has no separate financial records that allow the preparation of financial statements,
4. its expenses are paid by the U.S. parent,
5. it is not subject to foreign income taxes, and
6. it has limited physical assets or few employees permanently located abroad.

B. U.S. Reporter owned by a foreign person – A U.S. business enterprise that is a U.S. Reporter in this BE-11 survey may also be a U.S. affiliate of a foreign person that must report in the BE-15, 2011 Annual Survey of Foreign Direct Investment in the United States. This could be the case if the U.S. business enterprise owns foreign affiliates and is also owned 10 percent or more, directly or indirectly, by a foreign person. In such cases, the U.S. business enterprise should report in this survey for any foreign business enterprise it owns or controls, directly or indirectly, at least 10 percent or more, but should not report other property of its foreign owner. (A foreign business enterprise that is jointly owned by the U.S. Reporter and the foreign owner of the U.S. Reporter should be considered a foreign affiliate of the U.S. Reporter provided the U.S. Reporter has a 10 percent or more ownership interest.) For purposes of the BE-11 survey, consider the foreign owner of the U.S. Reporter and the directly and indirectly owned foreign affiliates of the foreign owner (other than those held through the U.S. Reporter), as unaffiliated foreign persons. *See also I.B.1.d.(4).*

C. Partnerships – Most partnerships are either general or limited partnerships. The determination of percentage of voting interest in a general or limited partnership is based on who controls the partnership. The percentage of voting interest is NOT based on the percentage of ownership in the partnerships equity.

A **general partnership** usually consists of at least two general partners who together control the partnership. Unless a clause to the contrary is contained in the partnership agreement a general partnership is presumed to be controlled equally by each of the general partners.

A **limited partnership** usually consists of at least one general partner and one limited partner. The general partner usually controls a limited partnership, and therefore, has 100 percent voting interest in the limited partnership. Limited partners do not normally exercise any control over a partnership. Therefore, unless a clause to the contrary is contained in the partnership agreement, limited partners are presumed to have zero voting interest in a partnership.

Note – Cross-border holdings of limited partnerships are included in the annual Department of Treasury International Capital (TIC) securities data reports (TIC SHL(A) and TIC SHA(A)), and purchases and sales of limited partnerships with foreign counterparties should be included on the TIC S report.

D. Determining country of residence or jurisdiction of individuals – An individual is considered a resident of, and subject to the jurisdiction of, the country in which it is physically located, subject to the following qualifications:

1. individuals who reside, or expect to reside, outside their country of citizenship for less than one year are considered to be residents of their country of citizenship,
2. individuals who reside, or expect to reside, outside their country of citizenship for one year or more are considered to be residents of the country in which they are residing. There are two exceptions to this rule:
 - a. individuals (and their immediate families) who either own or are employed by a business in their country of citizenship and who are residing outside of that country for one year or more in order to conduct business for the enterprise are considered residents of their country of citizenship if they intend to return within a reasonable period of time.
 - b. individuals who reside outside their country of citizenship because they are government employees (such as diplomats, consular officials, members of the armed forces, and their immediate families) are considered residents of their country of citizenship regardless of their length of stay.

E. Foreign affiliate operating completely outside its country of incorporation – If a foreign affiliate conducts all its operations from, and is located in, a single foreign country that is different from its country of incorporation, it is deemed to be operating totally outside its country of incorporation. File a single BE-11B, BE-11C, BE-11E report or report on the BE-11D, for the entity in the country of operation treating it as an incorporated foreign affiliate; do not file for the entity in the foreign country of incorporation. If, however, the foreign affiliate has any of the following in the country of incorporation:

1. bank account,
2. employees,
3. property, plant, or equipment, or
4. sales,

it is considered to have operations in its foreign country of incorporation and, therefore, a separate report must be filed for the entity in that country.

If a foreign affiliate incorporated abroad conducts its operations from, and has locations in, more than one foreign country, a separate Form BE-11B, BE-11C, BE-11E, or entry on BE-11D must be filed for each foreign country in which it has operations, and a separate Form BE-11B, BE-11C, BE-11E, or entry on BE-11D must be filed for the entity in the foreign country of incorporation, treating the entity as an incorporated foreign affiliate in that country.

If a foreign affiliate incorporated abroad conducts its business operations from, and is located in, the United States, you must file a Form BE-11B, BE-11C, BE-11E, or BE-11D entry to report the equity investment in the affiliate and the affiliate's income. Show country of incorporation as country of location **and report the affiliate as a holding company (ISI code 5512)**. You must report the operating business enterprise located in the United States on the BE-15, 2011 Annual Survey of Foreign Direct Investment in the United States.

F. Agencies and representative offices – Foreign representative offices, agents and employees of a U.S. person are not considered to be foreign affiliates, and therefore, they should not be reported on Forms BE-11B, BE-11C, BE-11D, or BE-11E. However, a U.S. Reporter's disbursements to maintain foreign sales and representative offices must be reported on Form BE-125, Quarterly Survey of Transactions in Selected Services and Intangible Assets with Foreign Persons. Copies of Form BE-125 are available by writing to BEA at: U.S. Department of Commerce, Bureau of Economic Analysis, BE-50(SSB), Washington, DC 20230, by telephoning (202) 606-5588 or by accessing the BEA Web site at www.bea.gov. (Under "International," select "Survey Forms and Related Materials" and then "U.S. International Services Transactions.") A foreign presence of a U.S. person is considered a foreign sales promotion or representative office if:

1. it has no assets (other than office furniture) held either in its own name or in the name of the U.S. person,
2. to the extent that its employees are compensated by commissions, the commissions arise only from sales or business that the employees generate for the U.S. person,
3. it does not produce revenue (other than funds from the U.S. person to cover its expenses), and
4. it is engaged only in sales promotion, representational activities, public relations activities, or the gathering of market information, on behalf of the U.S. person.

Note – A foreign presence that produces revenue for its own account (instead of, or in addition to, producing revenue for the account of its U.S. parent) from goods or services it provides to unaffiliated persons is considered a foreign affiliate and is subject to the reporting requirements on this BE-11 survey.

G. Real estate – The ownership of foreign real estate is defined to be a business enterprise and, if foreign real estate is owned by a U.S. person, it is a foreign affiliate of a U.S. Reporter. A Form BE-11B, BE-11C, BE-11D, or BE-11E is required unless the enterprise is otherwise exempt.

Real estate that is normally included in the property, plant, and equipment account of a foreign affiliate is not to be reported as a separate affiliate.

Residential real estate held exclusively by a U.S. person for personal use and not for profit-making purposes is not subject to the reporting requirements. A primary residence abroad that is leased to others while the owner is a U.S. resident, but which the owner intends to reoccupy, is considered real estate held for personal use.

Ownership of foreign residential real estate by a business enterprise, the sole purpose of which is to hold the real estate for the personal use of the owner(s) of the business enterprise, is considered to be real estate held for personal use and therefore not subject to the reporting requirements.

If a U.S. person has a direct or indirect voting ownership interest of 10 percent or more in a joint venture, partnership, etc., that is formed to own and hold, develop, or operate real estate, the joint venture, partnership etc., in its entirety, not just the U.S. person's share, is a foreign affiliate and must be reported unless otherwise exempt.

H. Airlines and ship operators – U.S. airlines' and ship operators' foreign stations, ticket offices, and terminal and port facilities that provide services **only** to their own operations are not foreign affiliates and are not subject to the reporting requirements. Reports are required when such facilities produce significant revenues from services provided to unaffiliated persons.

I. Estates, trusts, and intermediaries

1. A U.S. estate is a person (*see II.Q.*) and, therefore, may have direct investment; the estate, not the beneficiary, is considered to be the U.S. Reporter. Thus, ownership of a foreign affiliate by a U.S. estate shall be reported by the administrator, executor, etc., of the estate and not by the beneficiary.
2. A trust, either U.S. or foreign, is a person (*see II.Q.*), but is not a business enterprise. The trust is considered to be the same as an intermediary, and should report as outlined in III.1.3. For reporting purposes, the beneficiary(ies) of the trust, is (are) considered to be the owner(s) for purposes of determining the existence of direct investment, except in two cases: (1) if there is, or may be, a reversionary interest, and (2) if a corporation or other organization creates a trust designating its shareholders or members as beneficiaries. In these two cases, the creator(s) of the trust is (are) deemed to be the owner(s) of the investments of the trust (or succeeding trusts where the presently existing trust has evolved out of a prior trust), for the purposes of determining the existence and reporting of direct investment.

This procedure is adopted to fulfill statistical purposes of this survey and does not imply that control over an enterprise owned or controlled by a trust is, or can be, exercised by the beneficiary(ies) or creator(s).

3. Intermediary

- a. If a particular U.S. direct investment abroad is held, exercised, administered, or managed by a U.S. intermediary, such intermediary is responsible for reporting the required information for, and in the name of, its principal or shall instruct the principal to submit the required information. Upon instructing the principal, the intermediary shall be released from further liability to report, provided it has informed BEA of the date such instructions were given and the name and address of the principal, and has supplied the principal with any information in the possession of, or which can be secured by, the intermediary that is necessary to permit the principal to complete the required reports. When acting in the capacity of an intermediary, the accounts or transactions of the U.S. intermediary with the foreign affiliate are considered as accounts or transactions of the U.S. principal with the foreign affiliate. To the extent such transactions or accounts are unavailable to the principal, they may be required to be reported by the intermediary.
- b. If a U.S. person holds a foreign affiliate through a foreign intermediary, the U.S. person is considered to own the foreign affiliate directly and all accounts or transactions of the U.S. person with the intermediary are considered to be with the foreign affiliate.

IV. GENERAL INSTRUCTIONS

A. Accounting methods and records – Follow generally accepted U.S. accounting principles unless otherwise specified in the instructions. Corporations should generally use the same methods and records that are used to generate reports to stockholders, except where otherwise instructed. Generate reports for unincorporated persons on an equivalent basis.

Financial Accounting Standards Board Accounting Standards Codification Topics are referred to as "FASB ASC" in the instructions.

B. Translation of foreign currency financial and operating data into U.S. dollars

1. **Financial statements** – Translate foreign affiliate financial statements, i.e., balance sheets and income statements, not maintained in U.S. dollars from the host country currency to U.S. dollars using FASB ASC 830 (FAS 52), as would be required to incorporate foreign statements into the U.S. Reporter's financial statements for reports to shareholders.
2. **Other financial and operating data of foreign affiliate** – According to FASB ASC 830 (FAS 52), "Revenue and expense transactions shall be translated in a manner that produces approximately the same dollar amounts that would have resulted had the underlying transactions been translated into dollars on the dates they occurred."

Since separate translation of each transaction is usually impractical, the specific result can be achieved by using an average rate for the period.

On Forms BE-11B and BE-11C, certain revenue and expense transactions that may not be translated separately for the financial statements, such as employee compensation and exports and imports, must be reported. Translate these transactions in a manner consistent with that used to translate the financial statements into U.S. dollars.

C. Method of accounting for equity investments – Forms BE-11B, BE-11C, BE-11D, and BE-11E – Report a foreign affiliate parent's equity investments of 20 percent or more in unconsolidated foreign affiliates, including all unconsolidated majority-owned foreign affiliates, using the equity method of accounting. Report equity investments of less than 20 percent, in accordance with FASB ASC 320 (FAS 115) or cost basis of accounting. *See important note on foreign affiliate consolidation rules under instruction I.B.2.e.*

Note – If it is determined that there is a material difference between the "equity" and the "cost" methods and the data should have been filed using the "equity" method, BEA will require that the data be refiled.

D. Industry classification – A list and explanation of the industry classifications used are given in the **Guide to Industry Classifications for International Surveys, 2007**, (BE-799), which is included as part of the BE-11 report package.

E. Estimates – If actual data are not available, or only partial data are available, provide estimates and label as such. When data items cannot be fully subdivided as required, provide totals and an estimated breakdown of the totals.

Certain sections of Forms BE-11A and BE-11B require data that may not be maintained in your customary accounting records. Providing precise data in these areas may require substantial burden beyond what is intended by BEA. This may be especially true for:

- BE-11A, Part III, Section B – Distribution of sales or gross operating revenues by whether the sales were goods, services, or investment income;
- BE-11A, Part IV, – Exports and imports of the U.S. Reporter on a shipped basis;
- BE-11B, Part III, Section B, and Part IV, Section D – Distribution of sales or gross operating revenues, by transactor and by whether the sales were goods, services, or investment income;
- BE-11B, Part V – Exports and imports of the foreign affiliate on a shipped basis.

Data provided in these sections may be reasonable estimates based upon the informed judgment of persons in the responding organization, sampling techniques, prorations based on related data, etc. Consistently apply estimating procedures used on all BEA surveys.

F. Space on form insufficient – When space on a form is insufficient to permit a full answer to any item, submit the required information on supplementary sheets, appropriately labeled and referenced to the item number and the form.

G. Specify – When asked to "specify" amounts reported for certain data items, give the type and dollar amount of the major items included in the data item.

V. U.S. EXPORTS AND IMPORTS OF GOODS

When there is a material difference between the "charged" and "shipped" bases and the data have not been filed on the "shipped" basis, or the necessary adjustments have not been made to approximate a "shipped" basis, then BEA will require the data to be refiled.

Differences between the "charged" and "shipped" bases may be substantial. A major difference arises when the U.S. Reporter buys goods in country A and sells them in country B, but the goods are shipped directly from country A to country B. Because the goods

did not physically enter or leave the United States, they are not U.S. trade. However, when the U.S. Reporter records the transactions on its books, it shows a purchase charged to it from country A and a sale charged by it to country B. If the U.S. Reporter's trade data in this survey were prepared on the "charged" basis, the purchase and sale would appear incorrectly as a U.S. import and a U.S. export, respectively. Other differences arise when the U.S. Reporter charges the sale of its products to a foreign affiliate in one country, but ships the goods directly from the United States to an unaffiliated foreigner in another country. If the data are on the "shipped" basis, this transaction constitutes a U.S. export to an unaffiliated foreigner, not to the foreign affiliate and should not be recorded on the form for the foreign affiliate.

If a material difference exists between the "charged" and "shipped" bases, trade must be reported on the "shipped" basis. To do this, the U.S. Reporter may have to derive the data from export and import declarations filed with U.S. Customs and Border Protection or from shipping and receiving documents, rather than from accounting records, or may have to otherwise adjust its data from a "charged" to a "shipped" basis.

A. Timing. Only include goods actually shipped between the United States and the affiliate during FY 2011 regardless of when the goods were charged or consigned. For example, include goods shipped by the U.S. Reporter to the affiliate in FY 2011 that were charged or consigned in FY 2012 but exclude goods shipped to the affiliate in FY 2010 that were charged or consigned to the affiliate in FY 2011.

B. Trade of the U.S. Reporter. Goods shipped by, or to, the U.S. Reporter, whether or not actually charged or consigned by, or to, the U.S. Reporter, are considered to be trade of the U.S. Reporter.

C. Trade of a foreign affiliate. Goods shipped by, or to, a foreign affiliate, whether or not actually charged or consigned by, or to, the foreign affiliate are considered to be trade of the foreign affiliate.

D. By (or to) whom goods were shipped. Shipment by, or to, an entity refers to the physical movement of goods to or from the U.S. customs area by, or to, that entity regardless of by, or to whom the goods were charged or consigned. For example, if the U.S. Reporter charges goods to a German affiliate but ships them to an Italian affiliate, the goods should be recorded as U.S. exports shipped by the U.S. Reporter on the Form BE-11B or BE-11C, of the Italian affiliate, but not on that of the German affiliate. Similarly, if goods were charged by the U.S. Reporter to an affiliate but shipped to the affiliate by another U.S. person, the goods should be considered a U.S. export shipped by "other U.S. persons," not by the U.S. Reporter, on the affiliate's Form BE-11B or BE-11C.

Note – Goods shipped by an independent carrier or a freight forwarder at the expense of an entity are shipments by that entity.

E. Valuation of exports and imports. Value U.S. exports and imports f.a.s. (free alongside ship) at the port of exportation. This includes all costs incurred up to the point of loading the goods aboard the export carrier at the U.S. or foreign port of exportation, including the selling price at the interior point of shipment (or cost if not sold), packaging costs, and inland freight and insurance. It excludes all subsequent costs, such as loading costs, U.S. and foreign import duties, and freight and insurance from the port of exportation to the port of entry.

VI. FILING THE BE-11

A. Due date – A fully completed and certified BE-11 report comprising Form BE-11A and Forms BE-11B, BE-11C, BE-11D, or BE-11E (as required) is due to be filed with BEA by May 31, 2012.

B. Extensions – For the timely dissemination of the survey results, it is important that your report be filed by the due date. However, a written request for an extension will be considered provided it is received no later than the original due date of the report and enumerates substantive reasons necessitating the extension. BEA will provide a written response to such requests.

C. Assistance – For assistance, telephone (202) 606-5566 between 8:00 a.m. and 4:30 p.m., eastern time, or e-mail BEA at be10/11@bea.gov.

D. Retention of copies – Each U.S. Reporter must retain a copy of its report to facilitate resolution of problems. These copies should be retained by the U.S. Reporter for at least 3 years after the report's original due date.

E. Electronic filing option (eFile) – Forms that can be transmitted to BEA electronically will be available on the BEA Web site: www.bea.gov/efile. If you eFile, please do not submit paper reports.

F. Where to send the report – Send reports filed by mail through the U.S. Postal Service to:

U.S. Department of Commerce
Bureau of Economic Analysis
BE-69(A)
Washington, DC 20230

Send reports filed by direct private delivery to:

U.S. Department of Commerce
Bureau of Economic Analysis, BE-69(A)
Shipping & Receiving Section M-100
1441 L Street, NW
Washington, DC 20005

G. Confidentiality – The information filed in this report may be used only for analytical and statistical purposes and access to the information shall be available only to officials and employees (including consultants and contractors and their employees) of agencies designated by the President to perform functions under the Act. The President may authorize the exchange of the information between agencies or officials designated to perform functions under the Act, but only for analytical and statistical purposes. No official or employee (including consultants and contractors and their employees) shall publish or make available any information collected under the Act in such a manner that the person to whom the information relates can be specifically identified. Reports and copies of reports prepared pursuant to the Act are confidential and their submission or disclosure shall not be compelled by any person without the prior written permission of the person filing the report and the customer of such person where the information supplied is identifiable as being derived from the records of such customer (22 U.S.C. 3104).

H. Annual stockholders' report and Form 10K – Business enterprises issuing annual reports to stockholders and completing the Securities and Exchange Commission's Form 10-K should furnish copies of these reports for FY 2011 when filing the BE-11 report.
