

Interagency Council on
Statistical Policy

Leaders of the United States Federal Statistical System

Advisory Committee on Data for Evidence Building

William W. Beach, Commissioner of Labor Statistics

Bureau of Labor Statistics

January 21, 2022

We have been making progress

Back to the beginning

- Evidence Commission
- Vision

The Evidence Commission said:

“The Commission envisions a future in which rigorous evidence is created efficiently, as a routine part of government operations, and used to construct effective public policy.”

Chief Evaluation Officer

Expanded Mission of Statistical Agencies

- Operate as a seamless system
- Act as trusted stewards of the public's most sensitive data
- Enable evidence building

- Strengthen the statistical agencies' trusted positions
- Take advantage of new authority to acquire administrative data
- Create a common framework for data protection and access

CIPSEA Moving Forward

- Expanding secure data access
- Greater cross-agency coordination
- Enhanced stakeholder engagement

Thanks!
