BE-11D (Report for Foreign Affiliate(s)) Mandatory – Confidential OMB No. 0508-0053: Approval Expires 12/31/2028

Reporter Identification:

US ID:

Who Must Report

The U.S. Reporter must report each majority-owned foreign affiliate established or acquired in fiscal year 2025 for which total assets; sales or gross operating revenues, excluding sales taxes; or net income after provision for foreign income taxes was greater than \$25 million (positive or negative), but for which no one of these items was greater than \$60 million (positive or negative) at the end of, or for, the affiliate's 2025 fiscal year. Certain private funds are exempt from filing the Form BE-11D. Review exemption on the Form BE-11 Claim for Not Filing.

BEA has eliminated the annual filing requirement for minority-owned affiliates that were required to report on the BE-11D form. A foreign affiliate is minority owned if the combined direct and indirect voting ownership interests (or the equivalent) of the U.S. parent(s) are at least 10 percent, but not more than 50 percent. A new exemption option has been added to the BE-11 Claim for Not Filing to account for this change.

Percentages

For an inactive affiliate, enter an ISI code based on its last active period. To be considered a holding company (ISI code 5512), income from equity investments must be more than 50 percent of total income.

Number of Employees

Report the number of employees on the payroll at the end of FY 2025, including part-time employees, but excluding temporary and contract employees not included on payroll records. If a count at another date during the reporting period is a reasonable estimate for the end of FY 2025, it may be used.
